CHEAPER BREAD
FOR LOWELL

Wholesale Dealers Have Announced Reduction of One Cent Per Loaf

Boston Bakery Giving One Loaf Free With Every Two Purchased

One loaf of bread free with every two loaves purchased. This is the inducement held out to Lowell retail storekeepers today by a Boston and Cambridge bakery delivering bread and pastry at wholesale to local customers each morning by motor trucks.

Lowell baking companies say the action of this company is one of the boldest attempts made to stifle local competition in the bread industry ever made here, and none of them can meet such competition, they say.

Announcement was made, however, that beginning today Lowell bakeries,

58 LIVES LOST
WHEN SHIP SANK

Steamer Maria Luisa Foundered and Sank Near Entrance to Manila Bay

72 Others Picked up and Landed by Japanese Steamer—Lifeboats Swamped

MANILA, P. I., Nov. 17. (By the Associated Press)—Fifty-eight persons, many of them women and children, passengers, are believed to have been lost in the wreck of the Inter-Island steamer Maria Luisa, 54 tons, which foundered yesterday near Mariveles, close to the entrance to Manila Bay. Seventy-two others, including all of the officers and crew, were picked up by the Japanese steamer Seikai Maru, bound for Japan, and were landed at Mariveles. Survivors said that while the Maria Luisa was staggering from the effects of a huge wave, a second wave broke over her and she sank quickly. Lifeboats which were launched were swamped by heavy seas and their occupants were thrown into the water.

All of the missing were thought to be Filipinos. Governor General Wood last night sent the following wireless message to the captain of the Seikai Maru: "Thank you for your commendable action in saving so many lives of passengers and crew of the steamship Maria Luisa who otherwise would have perished."

JUNIOR HOLY NAME
The regular meeting of St. Columba's Junior Holy Name was held Wednesday evening in the Parish hall. Final arrangements for the whole party to be held Nov. 21 were made. There will be a very fine selection of prizes. Several other matters of importance were discussed. The regular meeting will be held next Wednesday at 7 o'clock.

ANONYMOUS COMMUNICATIONS

Chairman McOsker and Clerk Allard Authorize Statement—Women Canvassers Out for Mayoralty Candidate—Rally at Elks Hall—First Outdoor Speech by Woman Candidate

The election commissioners are in receipt of two anonymous communications relative to the coming elections, and although they would like to discourage the writing of letters which the writers do not care to sign they feel that the public should be enlightened relative to both cases.

The first communication reads as follows:

Lowell, Mass., Nov. 16, 1921.

Dear Sir:

For fairness to all the candidates in ward 5 for ward councillor, we would suggest that Mr. Angelo or his son, who is a candidate for this office be not allowed to count or distribute ballots on Tuesday, Nov. 22.

ALL CANDIDATES IN WARD 5.
The letter is written on pretty pink paper and enclosed in an envelope of the same shade.

Commenting on this letter, Chairman McOsker, and Clerk Allard of the commission authorize the following statement: In answer to the letter received signed by "All candidates in ward 5," the election commission would like to inform the gentleman who wrote that letter that they always vote to let a candidate be not allowed to serve as a precinct officer. This is only one of about twenty cases where candidates are not to be allowed to serve as precinct officers.

In the case of Mr. Angelo, who is a warder in ward 5, he is certainly eligible to serve, but in the case of his son, who is a candidate, he will not be allowed to serve.

HARDING INTERVENES

Says Maximum Surtax Rate of 40-Per Cent, Agreeable to Administration

WASHINGTON, Nov. 17.—President Harding today informed republican house conferees on the revenue bill that a maximum surtax rate of 40 per cent would be agreeable to the administration.

Chairman Fordney and Representative Longworth, arrived at the White House shortly after 10 o'clock and immediately were closeted with the president. Mr. Longworth said on entering that he assumed the income surtax would be the first subject of discussion.

The revenue bill as passed by the house provided a maximum surtax of 32 per cent while the senate fixed a rate of 50 per cent. The compromising of this difference has been the chief obstacle of the conferees of the two houses in reaching an agreement on the measure.

The president's views were expressed at a conference at the White House with Chairman Fordney of the house ways and means committee and Representative Longworth of Ohio, who with Mr. Fordney and Representative Greene of Iowa, make up the conferees on the bill. The president's views were expressed at a conference at the White House with Chairman Fordney of the house ways and means committee and Representative Longworth of Ohio, who with Mr. Fordney and Representative Greene of Iowa, make up the conferees on the bill.

Arrangements were made at the conference for the president to send a letter to Chairman Fordney setting forth his views. Mr. Harding was represented as favoring the 32 per cent maximum but agreeable to the 40 per cent compromise in view of the legislative situation.

The house conferees were summoned to the White House after Representative Mondell of Wyoming, the republican leader, had laid before the president, the situation in the house with respect to the surtax.

The visit of Representative Mondell to the president was said to have followed conferences between regular republican leaders and spokesmen for the "insurgents" on the majority side at which the latter were understood to have refused to recede from their demand for a 50 per cent maximum rate.

Both the leaders of the "insurgents" and democrats, had claimed there was a majority in the house for the adoption of the senate amendment.

The president's views as set forth in the letter to Representative Fordney will be presented to the house later in the day.

Opponents of the senate amendment said they expected the president's letter to turn the tide.

Representative Dickinson of Iowa, leader of the "insurgent" republicans said he did not think the president's views expressed "at this late hour" would have appreciable effect upon the outcome of the surtax fight.

NO ADVANCE IN
COAL PRICES

Coal Shipments Are Coming Along Quite Freely, Dealers Say

Amount of Coal Stored in Reserve at Mines Somewhat Limited

The price of coal will not be advanced in Lowell and vicinity this winter.

That statement was made this morning to The Sun by several well known dealers who handle all grades of fuel. It was said that coal shipments of nearly every size and variety were coming along freely, with about six weeks' supply on hand at the yards and orders being filled without delay.

Lowell dealers learned today that there may be a shortage of stove coal later in the season, but not right away. The amount of stove coal in reserve at the mines is reported to be very small. If the demand continues heavy for this grade of anthracite, as it is at the present time, dealers may have to cut down delivery quantities later, although just at present there is no trouble in filling any reasonable demands for this particular grade.

Lowell coal men say the advance of 50 cents a ton in some of the grades by the Boston metropolitan dealers a few weeks ago, was really not justified. Local handlers of the fuel say there has been no change in freight rates, and the chances are that nothing will be done to lower traffic haul bills until after March 1 next, if then.

Said one dealer this morning: "Don't let the people misunderstand us. Freight rates are not coming down."

Lowell Woman in Contempt of Court—Final Disposition Withheld

Although numerous uncontested divorce cases were marked up for hearing in superior court, jury waived session with Judge Burns on the bench a contempt of court case took up so much time only one case was heard up to the first recess today.

Laura Chenvert of Lowell was granted a decree nisi from Charles Chenvert, also of Lowell, on the grounds of abuse and abusive treatment. The couple were married June 28, 1918 and Mrs. Chenvert testified that on Sept. of the same year she was treated cruelly by her husband. She said he plucked her arm and kicked her in the stomach.

Judge Burns adjudged Miss Isabelle Roy of this city in contempt of court.

WOMAN AND FIVE
MEN ARE KILLED

Auto Crashed Through Guard Rails and Fell to R. R. Tracks 50 Feet Below

Car Overturned as it Dropped, Pinning Passengers Beneath It

JOHNSTOWN, Pa., Nov. 17.—Six persons were killed here early today when the automobile in which they were riding crashed through the guard rails of the Woodvale Bridge spanning the Pennsylvania railroad cut and fell to the tracks 50 feet below, according to reports received at the office of Deputy Coroner Yost. The car overturned as it fell, pinning the passengers beneath it, killing some of them instantly.

An unofficial list of the dead included one woman and five men: Alice Horner, John and Arthur McKinley, brothers; Edgar Funk, John McGuire and Fred Stollie, Jr., all said to have been residents of Johnstown.

Supreme Court Justice DeCoursey later denied a similar motion of Pelletier for postponement of action on a petition for his disbarment. The district attorney was given the right, however, to renew his petition, after pleadings are completed.

Last Soldier to Die in War

NEW HAVEN, Conn., Nov. 17.—This city is putting forward a claim that the last soldier to die in action before the armistice became effective, was a New Haven man, Thomas J. Walpole, Jr., killed on the morning of Armistice day, in an outpost engagement. He was a member of the Ninth regiment of regulars. The French government is to erect a monument to the last man killed. The American Legion is canvassing the country to see if there is a contesting claim.

Lloyd George Rushes Back to London

BOURNEMOUTH, England, Nov. 17.—Prime Minister Lloyd George, who came to this resort for a brief rest, decided to return to London immediately after receiving by telephone today, the reply of the Ulster representatives to the government's latest communication on the Irish negotiations.

Daring Kidnapping and Robbery

CHICAGO, Nov. 17.—John Hebel, a bank messenger for the great Northern Trust Co., was kidnapped today by five men near the postoffice, in the heart of the Loop and taken to Lincoln Park, where a sack of mail addressed to the trust company was taken from him. Bank officials were unable to state the amount of the loot. The robbers threw a blanket over the head of the bank messenger, taking advantage of a heavy fog that hung over the city.

Hugs of Nine Delegations Confer to Outline Respective Policies

Points Presented by China Formed the Basis of Today's Exchanges

WASHINGTON, Nov. 17.—(By the Associated Press)—Heads of the delegations of the nine powers participating in discussion of Far Eastern questions at a meeting today decided to proceed first with the consideration of problems relating to China before entering upon other Far Eastern questions.

The other questions, it was decided, will be taken up in the order listed by the tentative agenda suggested some time ago by the American government.

Hughes Calls Meeting

WASHINGTON, Nov. 17. (By the Associated Press)—Secretary Hughes today called a meeting of the American delegates for 2.30 o'clock. The purpose of the meeting was not announced, but it was understood to be for discussion of the plans of delegation heads for dealing with Pacific and Far Eastern questions.

The 10 points presented yesterday by China with the general backing of the United States formed the basis of today's exchanges. Which was designed to develop, step by step, the exact attitude of the nine delegations. No one expected this progress to go very far at today's meeting, although the discussion of a program was considered certain to draw out the opinions of the powers as to the relative importance of the topics before them.

The opinion of the American delegation, which appeared to have considerable support among the representatives of the other powers, was that the far east negotiations need not be complicated by the sub-committees to deal with special subjects. The American delegates take the position that the far eastern questions are not technical subjects requiring the prolonged scrutiny of experts. They would be glad to see the big line, or the full conference go directly to work without parcelling out branches of one task to any more sub-committees than are absolutely essential.

Confer on Policy

WASHINGTON, Nov. 17. (By the Associated Press.)—Preliminary reconnoitering gave way to more direct negotiation today in the conference.

BIG CLOTHING PURCHASE
BY LOWELL CONCERN

Three Big Clothing Manufacturers Sell Over \$10,000 Worth of Overcoats to Lowell Store

Lowell is to have a real old-fashioned Overcoat Fair this week and the Merrimack Clothing company, across from City Hall, will be the host. This great store which has been the talk of the city all this season on account of its many bargain opportunities, is to crown itself with glory Friday and Saturday this week when they will offer the public over \$10,000 worth of Men's and Boys' fine all wool Winter Overcoats at a fraction of their former prices and any man or boy who needs an overcoat will be given the opportunity of a lifetime to purchase one at a tremendous saving. Samples of the goods are displayed in their Merrimack and Worthen street windows and a description of the garments with the prices will be found in their advertisement which appears in page 16 of this paper. The Merrimack says they believe this to be the greatest offering of overcoats in the United States today and no doubt Lowell men and boys will flock to this store Friday and Saturday.—Adv.

Coast Guard Taken Into
Dory and Dropped
Overboard

BOSTON, Nov. 17—An attack on a coast guard at Plymouth by men supposed to be rum-runners was reported to coast guard headquarters here today. Thomas P. Stanley of the Gurnet station, was patrolling the beach late at night when he came upon three men. They struck him, took him into a dory and rowed out with him, dropping him overboard some distance off shore. Stanley swam ashore and reported the matter at the station. Officials said they had been able to obtain no trace of the vessel from which the men landed.

DO YOU COUGH?
ARE YOU WEAK?

When You Get Run-down, Have a Cough or After a Severe Cold—You Should Take This Advice

Schenectady, N. Y.—"Dr. Pierce's Golden Medical Discovery has been very beneficial to me and gave me help when I was greatly in need of it, and I am glad to recommend it that others may receive help as I did. I caught a severe cold which affected my bronchial tubes and left me with a chronic cough. I became weak and all run down in health. I saw Dr. Pierce's Golden Medical Discovery advertised and decided to give it a trial. The results were very gratifying to me. It built me right up in health and strength and relieved me of all this condition."—Mrs. J. H. Harrison, 110 Railroad st. Just go to your neighborhood drug store, obtain the "Discovery" in tablets or liquid and see how quickly you will build up. You feel the tonic effect immediately. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial pkg.—Adv.

EVERS GETS COACH JOB

Jawn Evers, whose specialty is making speeches to National league clubs on how to win the world series from the American league, is to be back in the National again. On good authority comes the report that Evers is to succeed "Cozy" Dolan as coach of the Giants. With Evers at first and Jennings working at third, the Giants will have plenty of fight and pepper on the coaching lines.

MAKE HOCKEY CHANGE

College hockey in the east will be played by six-men teams this year. Harvard, which has always been strong for the seven-men team, offered the suggestion that all the colleges use the six-men team, and the idea was adopted. The Intercollegiate Hockey association is composed of Harvard, Yale, Princeton, Pennsylvania, Cornell, Columbia and Dartmouth.

WAR HERO, STAR PLAYER

Quarterback Preston of the University of Nebraska, eleven, which so soundly trounced Pittsburgh, is a war hero. He has not yet entirely recovered from his last injury.

SUDDEN DEATH
OF JOSEPH MACK

Joseph Mack, for nearly a year manager of the Maito theatre in this city, and widely known throughout the east through his connection with moving picture houses, died last night, of apoplexy. In the Colonial theatre, Newport, R. I. Hours after Mack was supposed to have retired to his home, Mrs. Mack summoned the aid of the police and a search revealed the body of the missing man at the bottom of a stairway in the moving picture house.

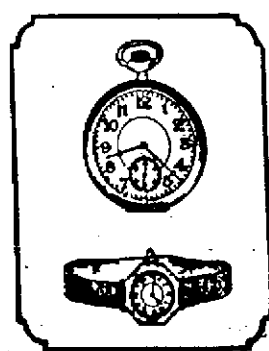

The deceased was manager of four theatres in that city, where he went a year ago next month. He was manager of the Maito until that time, having come here early in 1920 from Boston. Before his coming to Massachusetts, Mack, according to theatrical men in this city, had charge of several New York movie houses. Deceased was well and favorably known here.

PAUL KITTREDGE COUNCIL.

I., met Tuesday night at the home of Mrs. Graves, in East Merrimack street, to discuss plans for the affair, which it is expected will be most successful. The committee is composed of the following: Mrs. Graves, chairman; Miss S. Clark, Miss M. Cox, Miss A. Cox, Miss Brennan, Miss Connolly, Mrs. Klerer, Mrs. Kane, Mrs. Beattie, Mrs. H. Lennox, Mrs. J. Payne and Mr. P. Kane.

EARLY MORNING FIRES.
A hot flatiron laid on a board in the tailor shop numbered 82 Cabot street last evening was responsible for a still alarm at 12:10 o'clock this morning. When the firemen responded they found the board badly scorched, but no serious damage had been caused. At 1 o'clock this morning a still alarm was taken in for a slight blaze in the cellar of the premises numbered 251 West Sixth street, caused by an overheated boiler.

No Advance in Price of Coal

Continued
down this winter. We learn that there can possibly be no lowered rates until early next spring. The commission now dealing with the rates on coal shipments along the Atlantic seaboard and interior points close to the ocean transportation lines, has only begun to function. But there isn't a chance of coal prices being boosted this winter in Lowell, and you can say so.

Dealers say the quality of coal this winter is better than it has been for four years. Customers have not complained so frequently about slate and dirt as was the case during the war and afterward. There is a brisk demand in Lowell for stove coal for fuel use in boilers and furnaces.

The coal men say housewives ought to use more of the "No. 1 Nut" coal. If they really want to save money. This coal is larger than the pea coal, but is not too large to pack down closely in the fireboxes of the kitchen and parlor stoves. It makes a nice bed of coals and one that really gives more heat and lasts longer. There is not so much opportunity for the coal to burn up quickly, as when large pieces of coal are put into the grate box and the free circulation of air around the fuel chunks results in less of heat up the chimney and loss of the fuel values of the coal, which is apt in many cases to be quickly consumed. Coal men say for real money-saving, the "No. 1 Nut" is the kind to buy, and they have plenty of it on hand in Lowell, with a supply in the yards and on the rails coming this way sure to last many weeks.

Serious Disorders In Bombay

BOMBAY, India, Nov. 17.—(By the Associated Press)—Coincident with a procession escorting the Prince of Wales through the city of Bombay today, serious disturbances occurred in the native quarter, attributed by the authorities to agitation by followers of Mahatma Gandhi, the Hindu "non-co-operationist" leader, resulting in a number of casualties. The procession itself, however, was not marred by any untoward incident.

"Bluebeard" Denies Accusation

VERSAILLES, Nov. 17.—(By the Associated Press)—Henri Landru, reputed "Bluebeard of Gambais" today was called upon to explain the disappearance of Madam A. Jaume, the eighth on the list of 10 women and one man for whose murder he is being tried. Madame Jaume was the only woman of mature years, not a widow, with whom he is charged with having had relations. The prosecution charges that Landru took steps to obtain a divorce for her. The prisoner, however, maintained that his relations with her were merely "another commercial transaction."

Still Explodes—Fire Follows

SPRINGFIELD, Nov. 17.—Explosion of a still in the home of Mrs. Celia Kalava today and the resulting alarm of fire, led to the arrest of Mrs. Kalava, who will be turned over to the federal authorities. Too much heat supplied to the still by a gas plate in a bedroom, caused the boiler to blow up, plastering the room with mash and doing other damage.

MR. DESFORGES HONORED. day anniversary. The young man was Mr. Fred Desforges of 26 Lagrange street was agreeably surprised last night when a group of friends and relatives called at his home to congratulate him on the occasion of his birth. numbers were given by Miss Adella

HOW IS YOUR APPETITE?

Loss of appetite, distress after eating, shortness of breath, a feeling of utter weakness—these are symptoms that are familiar to most sufferers from stomach trouble.

The tonic method of treating disorders of this kind does not aim to do the work of the stomach, does not demand that the food be predigested, but builds up the weakened organs, so that they can do the work that nature intended.

Dr. Williams' Pink Pills have corrected serious disorders of the stomach, have revitalized the nervous system and restored to health sufferers from severe disorders of the blood and nerves. For rheumatism, indigestion, nervous headache, and many forms of weakness and debility. Dr. Williams' Pink Pills are recommended even if ordinary remedies have been tried without relief.

Remember Dr. Williams' Pink Pills do not act on the bowels. They make new blood and restore shattered nerves. In this way they carry health and vigor to every organ and fibre of the body. They are sold by all dealers in medicine or will be sent, postpaid, on receipt of price, 50 cents per box by Dr. Williams' Medicine Co., Schenectady, N. Y. A copy of our valuable diet book will be mailed free on request.—Adv.

Cheaper Bread for Lowell

Continued

or at least most of the larger ones handling a heavy output of wholesale goods every day in the year, will make an immediate reduction of one cent a loaf from the wholesale price of large loaves and half a cent from the price of the smaller loaves.

It was reported this morning that Friend Brothers, Inc., bakers, had headed the procession in reducing prices, and the report was found by The Sun to be correct. Manager Ernest W. Harmon of Friend's said the action of the big Boston wholesale concerns who cover the state with their express delivery and motor trucks, was not wholly responsible for the cut today in Lowell prices. The price of flour at wholesale has been lower for some time, although it receded and became fairly steady again, thus affecting the bakers but little.

They received no special benefits, they say, when the wholesale market fluctuated. They had a good deal of flour in stock at the time, and frequent manipulations of the market do not affect the average baker unless he is short on stocks.

The flour market today is much higher and stronger, it was said at Friend's. But the demand for bread during the past few weeks has greatly shortened. It is believed by leading bakers that the threatened railroad strike frightened a good many housewives, who at once "stocked up" with bread flour. For that reason, the bakers believe, the demand for bread in the loaf at Lowell shops has greatly fallen off during the past two weeks. It is believed when the house-

wives use up their stocks of flour, the baking business will be livelier.

Lowell "house bakers" are selling bread at retail from 10 to 15 cents a loaf, according to size and weight of loaf. Retail prices vary greatly all over the city. The wholesale prices now lowered by the bakers, are about as follows:

A majority of bakers sell to the wholesale trade bread weighing 1 1/4 pounds for 11 cents, standard weight. Loaves weighing but one pound sell for 1 1/2 cents.

In Boston the price, beginning today, is such as to enable retail bakeries and stores as to able to buy one-pound loaves for 7 1/2 cents, large loaves for 11 cents and a dozen rolls for 14 cents. Although this cut may later extend to other goods, so far the reduction has been made on bread only.

The price of rolls in Lowell was cut some time ago to the very lowest possible price. Today's figures announced by Lowell shops "beat" the wholesale prices in Boston by several pennies. For instance, you can buy a dozen Vienna, split, sandwich or frankfort rolls at wholesale here for 12 cents. The price in Boston is 14, wholesale.

Uncontested Divorce Cases

Continued

but withheld final disposition until Jan. 3, 1922. The case is the result of an injunction decree granted to Ms. M. Anne Roy, widow of John T. Roy, against the use of her husband's name by persons taking over his business after his death.

Mr. Roy conducted a furnishing store in this town and at the time of his death was judged insolvent. An administrator was appointed and the fixtures and the like sold. A concern

bought most of the business. Connected with this concern was Miss Isabelle Roy, an adopted child of Mr. and Mrs. Roy. The injunction was then granted restraining the successors from using the John T. Roy name in any way in business connection. It was brought out that signs were removed and the John T. Roy name removed from boxes and other goods in the store. Later a corporation was formed known as the Brousseau, Fagan & Co. Mr. Brousseau was president, Mr. Fagan, vice-president and Miss Roy treasurer and manager. It is claimed this firm used the name of John T. Roy in violation of the superior court decree. The court found Brousseau and Fagan innocent of any wrong, inasmuch as Miss Roy wrote all the advertising matter.

The jury session with Judge Bishop on the bench is still trying the case of Angelika Pappazulu vs. Greek Orthodox community. This case began yesterday and will not finish today as the defence has about 25 witnesses to be heard. The plaintiff seeks to recover pay alleged due to her under agreement in an unexpired contract which stipulated she was to be principal of the Greek-American school for the 1920-21 term.

TALKED ON MACHINERY LAYOUT IN MILLS

A. W. Benoit, mill engineer connected with the C. T. Main Co. of Boston, addressed the Textile Engineering society which is made up of engineering students at the Lowell Textile school yesterday afternoon. The speaker's subject was "Machine Layouts for Woolen and Worsted Mills."

The lecture, which is the first of a

series to be given this winter, proved both beneficial and interesting. Stress was laid upon the placing of machinery in respective departments so as to obtain the best sequence of operations and at the same time make good use of available floor space.

5000 Bales of Cotton Destroyed by Fire

FORT SMITH, Ark., Nov. 17.—Five thousand bales of cotton were destroyed by a fire at the Fort Smith Compress Co., plant here last night before it was brought under control at midnight. The company's plant was insured but 3000 bales of the cotton were owned by farmers who carried no insurance and suffered the greater part of the estimated \$500,000 loss.

Breaking Up Illicit Liquor Traffic

DETROIT, Nov. 17.—Prohibition Commissioner Roy A. Haynes concluded his series of conferences with Michigan and Canadian liquor officers here today with an expression of confidence that the illicit liquor traffic on the border was being broken up. Federal and Canadian officials made plans today for a drive against international rum runners through a closer check on shipments of whiskey to Canadian consignees posing as wholesale drug companies, who have permitted the liquor to fall into the hands of smugglers to be brought back to this country in large quantities.

MOVE TO END GARMENT WORKERS' STRIKE

NEW YORK, Nov. 17.—Conciliators of the state bureau of mediation and arbitration were seeking today a possible basis of compromise by which it might be possible to break the deadlock in the Garment Workers' strike involving approximately 60,000 men and women in the industry.

A peace committee of 150 is being formed, it was stated, in the expectation that the various interests in-

involved may be induced to settle their differences before the busy spring season starts in January.

The strikers were heartened by the announcement that employees of members of the Women's Garment Manufacturers' association in Philadelphia also have vowed to strike on Nov. 21 against restoration of the piece work system.

JAPANESE DELEGATES FOR PUBLIC SESSIONS

WASHINGTON, Nov. 17.—(By the Associated Press)—As many public sessions as possible are desired by the Japanese in the discussion of Pacific and Far Eastern questions, members of the Japanese delegation declared yesterday. They added that the Japanese would welcome open discussion because they wanted the world to examine Japanese policies in the Orient. It was intimated that Japan would like to adhere to her attitude voiced at Tokyo a few months ago that questions affecting particular states be left so far as possible to direct settlement between those states and that no efforts be made to discuss the past in connection with the general examination of the situation in the Orient.

Japan stood ready, it was insisted by her spokesmen, to admit her faults, but if the conference were to plunge into history, as to Japan or other powers, she felt it would prove endless and probably stir up ill feeling. Such an explanation, the Japanese point out, would logically include the conditions under which Great Britain occupied Hong Kong and West-Hat-Wai and France, Indo-China, not to mention the spheres of influence of those countries in the Yangtze valley and Yunnan province, respectively.

It was intimated yesterday that the Japanese are opposed to the idea of an international control of China, contending it would be a violation of the sovereignty of that country. China,

MOTORCYCLE BARE-DEVIL

J. Allen Smith is doing this to show visitors to the annual bike show in Chicago that manufacturers really need not put handlebars on motorcycles. And he's doing it on Michigan Boulevard.

the Japanese point out, has not yet accepted the financial consortium agreement under which the powers were jointly to loan money to the republic. Japan, it was said, could not make loans without guarantees, and was not disposed to enforce guarantees on China. This matter is believed to be closely connected with the thought of the powers censuring all their national rivalries in China and of acting in concert on all matters touching that country. The Chinese, the Japanese say, should be aided in bringing about a reform of the customs tariff and a unification of the currency system.

Japanese say they are willing to work for a real open door in China which would include all parts of that country, even Tibet and Mongolia, as well as Manchuria, in which Japan considers she has special interests. It appears desirable to the Japanese to fix some plan which would avoid conflict of interests, especially with the United States, at the same time insuring the territorial integrity and internal development of China. This may mean, in the opinion of responsible Japanese, a written understanding, although not an alliance, between the United States, Great Britain and Japan concerning the Far East, as a substitute for the Anglo-Japanese alliance. The hope prevails among Japanese statesmen that the United States government will not be adverse to such a practical outcome of the present conference.

ENTERTAINMENT BY PHILATHEA CLASS

"The Japanese Girl," a two-act, operetta, was given by the Philathea class of the Chelmsford Street Baptist church in Colonial hall last evening, before a large and interested audience. The play was directed by Mrs. Hazel D. Thompson, assisted by Mrs. Jennie Bennett. During intermission candy and fancy articles were sold by Mrs. Elsie Streeter, Mrs. Ruth Batchelder and Mrs. Hattie Sanger.

VERDICT FOR LOWELL MAN IN NASHUA

George Elliott, a roofer, of Chestnut street, this city, was awarded \$4000 by a jury in the superior court at Nashua, N. H., yesterday in a suit against J. L. Douglas, a Nashua roofing contractor. Elliott, with Albert Lewis, of Nashua, fell from a stage on which they were working for the defendant on the Jackson company developments. Faulty construction was alleged.

Lewis was given a verdict of \$12,000. Elliott, following the fall, was confined to a Nashua hospital many months, remaining in an unconscious state for eight weeks.

RECEPTION TO REV. AND MRS. KENNEDY

A grand reception by the members of the First Presbyterian church greeted Rev. and Mrs. James E. Kennedy on their return from their wedding trip last evening. The pastor and his recent bride were pleasantly surprised. In behalf of the congregation Mr. Thomas S. Lees, chairman of the arrangement committee, presented the pastor a purse of gold. The clergyman, in a few well chosen words thanked the members for their gift and expressed his sincere appreciation.

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinges of rheumatic pains, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed Dows, druggist, and Fred Howard to guarantee it in every instance.—Adv.

SIMPLE APPLICATION THAT DISSOLVES BLACKHEADS

No more squeezing and pinching to get rid of those unsightly blemishes, blackheads. There is one simple, safe and sure way to get them out and that is to dissolve them. To do this just get about two ounces of calomel powder from your druggist—sprinkle a little on a hot, wet sponge—rub briskly over the blackheads for a few seconds, wash the parts and every blackhead will be gone.

Pinching and squeezing out blackheads make large pores and you cannot get all of the blackheads out this way—while this simple application of calomel powder and water dissolves every particle of them and leaves the skin and pores in their natural condition. Any druggist will sell you the calomel powder and about two ounces will be 1 you will ever need.—Adv.

MASS. BOYS STRANDED

Penniless, Foot-sore and Hungry. Youths Arrive in N. Y. from Jacksonville, Fla.

NEW YORK, Nov. 17.—Penniless, foot sore and hungry, two young men who gave their names as Bruce S. Morse, 18 years old, of Mattapan, Mass., and James J. Brennan, 18 years old, Charlestown, Mass., arrived here last night from Jacksonville, Fla., on foot, having walked and beaten their way from that point since Nov. 1.

The young men were sent to the Municipal Lodging house for the night. They told authorities that they left Boston Sept. 19, and hiked to Jacksonville after having made a wager that they could cover the distance on foot in 12 days. The wager was lost by 13 hours and, according to the young men, they were left in Jacksonville without funds.

Lloyd's Next Is Screen's

Most Pretentious Comedy

HAROLD LLOYD, THE SAME OLD HAROLD, EVEN IF HE DOES WEAR A GOB'S UNIFORM IN "A SAILOR-MADE MAN"

BY JAMES W. DEAN

NEW YORK, Nov. 17.—Harold Lloyd's latest comedy, "A Sailor-Made Man," is the most pretentious

comedy yet produced in America. With immense settings and hundreds of players it takes on the appearance of a foreign spectacle film.

This comedy, like "The Kid," possesses continuity of action, carrying a story along with its funny business.

"The Kid" is a better comedy only because Chaplin possesses greater mimetic ability than Lloyd.

Lloyd appears as a wealthy youngster in love with a winsome dapper. Her dad tells him to get a job. He joins the navy.

Informed that his sweetheart is taking a trip around the world, he tries to resign. Any job will appreciate that situation.

Lloyd slips on a bar of soap. His fist connects with the jaw of the champion boxer of the fleet, knocking him out. That wins the admiration of a tough old salt.

Going ashore in India Lloyd gets into trouble with eight natives. The tough gob tells Lloyd to attend to four of them while he takes care of the other four.

Lloyd retreats. The eight attack his companion. As the first four natives fall, Lloyd drags them one by one to his side of the street. When the tough has finished his eighth victim he gazes in wonder at Lloyd, peacefully sitting among his allotted victims. Then Lloyd asks, "What took you so long?"

The girl arrives at the Indian port. An exciting chase follows her kidnapping by natives. She is locked in a harem. The episodes that follow take place in the most beautiful sets that have been employed for any comedy.

Of course, Lloyd rescues the heroine. Then comes a clever fade-out. Lloyd is on the deck of his ship, the girl on her yacht. He grabs a newly painted rail.

With each kiss he blows to her he smudges his face. An officer appears. Embarrassed, Lloyd backs away, trips and sprawls upon the deck. But he doesn't care. He's in love. There's the fade-out.

That's more logical, more effective than the stereotypical old clinch with which most comedies end.

Pathé's Enterprise

Pathé established a news reel record with pictures of the burial of Unknown American Soldier. Pictures of the event were sent to New York by airplane and showed in Broadway theatres at 8 p. m. Nov. 11.

Prints were sent to Cleveland, Detroit, Chicago, Milwaukee, Kansas City, Omaha, Des Moines, Denver, Salt Lake City, San Francisco and Los Angeles by special mail planes.

The pictures were shown in Boston, Albany, Buffalo and Washington the day after the event. Most news reels run 60 to 100 feet. The prints of this event ran 462 feet.

Filming Bible Scenes

Raymond Wells, who is directing the filming of the bible for a California company, has gone to Mesopotamia to shoot some scenes. It is his intention to take a complete unit to Egypt next year to film incidents of

biblical history in the original settings.

One Moment, Please!

"Just Around the Corner," adapted from a Fannie Hurst story, had been completed.

Paul Irlbe, art director, will accompany Cecil DeMille on a two-months tour of Europe.

Universal is to issue a series of short reels based on the experiences of a newspaper reporter.

James Rennie, who is Dorothy Gish's husband, is to be starred in "The Dust Flower," a Basil King story.

Anita Stewart has started filming "The Woman He Married." She is supported by Shannon Day and Darrell Foa.

To gain the effect of triple exposures in some scenes of "Peter Ibbotson" it was necessary for Arthur Miller, cameraman, to run the film through the camera 21 times.

AMUSEMENT NOTES

By Theatres Own Press Agents

B. F. KEITH'S THEATRE

"The Love Game," as played at the B. F. Keith theatre, this week, by Harry Hayden & Co., is fraught with many strange possibilities. It is one to believe all that therein is. One can never tell just how it will turn out. Hayden in the leading juvenile role does some specially good work. Maud Powers and Vernon Wallace in "Georgia on Broadway," have a little skit of southern atmosphere which gets over "big" at every performance. It is one of the choicest bits of the entire bill.

"Requiescat," featuring Viola Russell and Edward Dunigan is a nifty piece of vaudeville, and the skating comedy of McAllen and Carson is one of the season's best acts. Then there are Maudie & Paul Miller, Raymond Willert, Bins & Grill and the "Unknown Soldier's Burial" pictures.

MERRIMACK SQUARE THEATRE

Wanda Hawley in "The Outside Woman" and "Quo Vadis?" the noted George Klein production, are the feature attractions at the Merrimack Square theatre today.

RIALTO THEATRE

With the acquisition of two first class features to the already strong bill, the Rialto theatre bids fair to outbid all attendance records for the remainder of the week. "Man, Woman and Marriage" is commencing its fourth day of success, and is flanked by Herbert Rawlinson in a detective story, "The Wakefield Case," a Larry Semon comedy, "The Bell Hop," and the Kinograms. Don't fail to see it.

OPERA HOUSE

"Over the Hills to the Poor House," the play for the week by the Lowell Players at the Opera House, is attracting capacity audiences at every performance, and deservedly so, for it is not only a great play, but the production is one of the best for seasons. Those who have witnessed it unhesitatingly proclaim it the best.

A few seats are still available for the remaining performances. Order at once. Next week the presentation will be George M. Cohan's great musical success, "45 Minutes From Broadway." Don't miss it.

THE STRAND

Three picture featured on the same bill at the Strand. Pauline Frederick, Miss Du Pont and last but not least Larry Semon in one of his comedies. See them all.

SHAUN O'FARRELL COMING

The coming to the Opera House next Sunday afternoon and evening of Shaun O'Farrell and his company of singers and entertainers in songs, stories and true facts about Erin should attract capacity audiences at both performances. Mr. O'Farrell is one of the newest Irish tenors to come from across the seas, and his efforts thus far have met with the enthusiastic approval of all. He will be accompanied by Katherine Sullivan, the "song bird of Erin," and John O'Sullivan, the "Wicklow pipe." Voice pictures, recently suppressed by the British government, including those showing raids, the work of the black and tans, the conference and many other scenes illus-

trative of Ireland's Emancipation" will be shown. Tickets now selling. Order early and avoid disappointment.

THE OLD NEST

There is a combination almost impossible to surpass in "The Old Nest," a Goldwyn picture coming to the Crown theatre for two days, commencing tomorrow. The combination is this:

Rupert Hughes, known as the "human" author of the screen wrote it. Mary Alden, known as one of the finest "mother" actresses of the screen, plays it, and Goldwyn's own special riddles, who have delighted audiences in the popular Booth Tarkington series, make up the little family. Last but not least, Reginald Barker directed "The Old Nest."

OVERHEATED STOVE

The alarm from box 15 shortly before 6 o'clock last evening was for an overheated stove at 148 Cushing street. The damage was confined to the partition in the rear of the stove.

POST 165, G.A.R.

The nomination of officers was the principal business transacted at the regular meeting of Post 155, G.A.R., which was held last evening in its hall, Central street. There was a large attendance at the meeting and considerable routine business was transacted.

FAIR BY WELLESLEY

COLLEGE ALUMNAE

A large crowd patronized the all-day fair conducted by the Wellesley college alumnae in Middlesex hall yesterday. The event was well planned and a very enjoyable time was had by all. Opening at 10:30 in the morning there was always something doing until closing time, 5 o'clock.

Six tables, prettily decorated and arranged furnished an attractive appearance, while music by the high school mandolin club completed the merriment of the occasion. The chairman of the various tables and their assistants were:

Practical table, Miss Estelle Moore; children's table, Miss Helen Barnes; gift table, Miss Edith Skirking; candy table, Mrs. Seckins; food table, Mrs. Lewis A. MacDermott; flower table, Mrs. P. H. Marden; sample table, Miss Elsie Brant; luncheon and afternoon tea were served by Mrs. Larkin T. Tull and Mrs. MacDermott and Miss Skirking.

STOLEN CAR BURNED

The touring car of Louis E. Studley, of 459 High street, Lowell, recently stolen here, was burned on the state highway in Lexington, late Tuesday night, near the estate of William P.

Martin according to reports that reached here today. The Lexington fire department was called out but the fire had a big start before the apparatus could reach the scene. Studley reported the theft of his machine to the local police several days ago.

Are You Squeezed in the Vise of Exhausted Nerve Force and Iron Starvation?

Physician Says These Twin Monsters Are Daily Dragging Thousands into the Torture Chambers of Ill Health, Wrecking Their Lives and Making Them Financial Failures.

YOU are born with just so much nerve force and your body can manufacture only so much each twenty-four hours. If you use it up faster than it is made through overwork, late hours, worry, too much excitement, grief, nervous strain or other excesses, your nerve cells become depleted of this life-giving fluid, and you are dragged into the torture chamber of neurasthenia, with all its nerve-racking, agonizing pains and anguish.

Your whole nervous system becomes "on edge," so to speak, and the least little thing upsets you. You may have an almost constant aching pain in the back of the head or neck, or an extremely disagreeable feeling of fullness in the front or back part of the head, which in some cases gets so bad that you feel almost as if your head would burst; there may be spots of local tenderness on the spine, pains across the back, heart palpitation, great weakness from slight physical or mental exertion, or sleeplessness at night; and the patient often complains that his thoughts chase one another through his head with lightninglike rapidity. Some break into profuse perspiration and suffer from great debilitating weakness that they feel as if they were almost chained to the ground. Headaches and extreme nervousness are very frequent symptoms, and most persons are moody, irritable and easily depressed.

A physician formerly connected with a New York City Hospital says thousands of persons suffer from depleted nerve force and iron starvation of the blood without ever suspecting the real cause of their trouble; and that often their health, lives and success are completely undermined and wrecked before they find out what is the matter with them. In cases of nerve force exhaustion in which your nerve and brain cells are starving for want of a sufficient supply of nerve force or nerve-vital fluid it is worse than foolish to waste your time

taking mere stimulating medicines or narcotic drugs. Your nerve and brain cells must have nerve food or something to supply more nerve force the same as a starving person must have bread to build flesh and tissue. For centuries science has searched for a nerve food. At last attention of the Paris Academy of Medicine by a celebrated French physician which contained the principal chemical constituent of active living nerve force in a form which most resembles that in the brain and nerve cells of man. This remarkable product is today contained in Nuxated Iron so that you may now easily obtain what might almost be termed artificial nerve force

Boston Honors Lieut. Gen. Jacques

BOSTON, Nov. 17.—Plans for Boston's reception today of Lieut. Gen. Baron Jacques of Belgium, guest of the city and of the Massachusetts department of the American Legion, were simple in nature in accordance with his request. A welcoming committee of city, state and Legion officials was to greet him upon his arrival this afternoon and escort him to his hotel. Following calls upon Governor Cox and Mayor Peters, the general was to visit places of historical interest in Greater Boston and to visit the home of Lutz Anderson, former United States ambassador to Belgium. In the evening the general was to be the guest of the city at an informal banquet at the Copley-Plaza hotel.

JAMES AND JOEL ARE 90—AND TWINS

JAMES CHEATWOOD—OR MAY-BE IT'S JOEL.

JOEL CHEATWOOD—OR MAY-BE IT'S JAMES.

By N.E.A. Service
LEAVENWORTH, Kan., Nov. 17.—D'ja ever meet James and Joel Cheatwood, twin-brother farmers of this neck of the woods?

Well, this will introduce them to you—because folks simply can't tell them apart.

James is 90 years old, so's Joel. Joel has a flowing white beard, so's James. Both of 'em part their hair on the left side and flash a pair of blue eyes.

You can't get either one of the brothers to admit that they are old.

"I am not what you'd call an old man," says James—or maybe it was Joel.

"I was born just a little sooner than younger folks—that's all."

"I can do as much work as any of these young sprouts around here," says Joel—or maybe it was James.

It's been high on to 60 years since the brothers settled down to farming on farms a mile apart, near Leavenworth.

When either one of them makes the trip to town, as far as the townsfolks are concerned, it might be the other.

When neighbors see them in their own back yards—well, even then it isn't safe to make a bet, 'cause James often calls on Joel and Joel often calls on James.

Interviewing the twins is a puzzle in itself. Looking directly at one of them, for instance, you keep so young.

"How did you come to keep so young, James, in spite of your 90 years?"

And the other one answers:

"Well, I had retired like several of my friends did, I would have been dead years ago."

"Quitting one's life work to spend time at ease kills quickly. The way to live is to keep your interest in your farm, your business or whatever work you are following."

And then the other one, Joe—or maybe it's James—explains:

"Freedom from worry has been my chief aid in reaching a ripe old age. Just eat what you want in moderation. Don't read about and think about symptoms of sickness and you will stay well a lot longer."

Joel—or James—believes he and his brother are the oldest twins in the United States. And James—or Joel—adds, "I reckon so."

Both the twins are married. Joel—or maybe it's—no, it's Joel—has seven children. James hasn't any.

One of the brothers recently celebrated his 60th wedding anniversary. Neighbors aren't just sure which one it was.

Anyway, there isn't any question as to how they feel about how long they are going to live.

For both James and Joel—or Joel and James—reply:

"We'll live until we die, anyway."

And, for that long, it seems that the friends of the twin-brother farmers, won't be able to tell whether Joel is James or whether James is Joel.

Hard work! That's all there is to it. If I had retired like several of my friends did, I would have been dead years ago.

Quitting one's life work to spend time at ease kills quickly. The way to live is to keep your interest in your farm, your business or whatever work you are following.

Representatives of Jesuit institutions in the country and the provincials of the Jesuit order in the United States together with cabinet members, members of congress and ambassadors of foreign countries were among the large crowd in attendance. The directors of the university decided to award Marshal Foch the honorary degree because of "the wonderful spirit of supernatural faith which was always displayed by the marshal, particularly brilliant in a world darkened by materialism."

LOVE TRAGEDY OF TWIN SISTERS REVEALED

GENEVA, Nov. 17.—The love tragedy of twin sisters who drew lots for death by poison became known in the Innsbruck courts when one of them was tried for murder. The girl was acquitted after she told her story.

The girls, daughters of a farmer named Goldhelm, fell in love with a former Hungarian officer, who was unable to distinguish one girl from the other and courted both, thinking he was always with the one sister. The officer, when he realized the situation, asked the girls to decide which should marry him.

They solved the problem by preparing a glass of water and a glass of poison. They drew lots and the loser drank and died. When the surviving sister was arrested, the officer disappeared.

CONFER ON LIMITATION OF STRAP-HANGERS

NEW YORK, Nov. 17.—The conference for the limitation of strap-hangers—more formally the inquiry of the state transit commission seeking better subway, elevated and trolley service in New York—called in auditors of the traction lines today to present statistics on operating expenses for comparison with those obtained by the commission's staff of accountants.

The various lines had an aggregate deficit of \$17,000,000 last year, the commission learned, but it estimated that \$5,000,000 would be saved this year by wage reductions and \$1,250,000 by obtaining cheaper coal. Other savings are expected.

THREE BOSTON POLICE OFFICERS INDICTED

BOSTON, Nov. 17.—Three police officers, secretly indicted by the grand jury, were before Judge Irwin in the superior criminal court, yesterday, and were severally allowed to go on their own recognizance.

The officers are David Blair of Division 10, Ralph P. Lockwood of Division 5, and William Philbrook of Division 4.

Blair was indicted on a charge of perjury in having sworn in his application to the Civil Service commission for a position as a police officer that he was single, when as a matter of fact he was married.

He is also charged with keeping a disorderly house in Columbus Avenue.

President of Commission Discusses "Shocking Disclosures"

DETROIT, Nov. 17.—Insufficient appropriations to enable the civil service commission to investigate the moral character and record of persons certified for government service is "probably responsible for even criminality and dishonesty" in the service, John H. Bartlett, president of the commission, declared in an address here yesterday, before the convention of the National Civil Service Reform League.

"On account of insufficient funds with which to man the undertaking," Mr. Bartlett told the convention, "the civil service commission is annually examining over 300,000 applicants for federal positions, and certifying those who attain a scholastic rating of 70 per cent and over, without making any examinations or investigations whatsoever of their moral character, criminal record, habits, reputation, industry, faithfulness, workfulness, veracity or loyalty. 'The rating,' the thing which determines their relative positions on the eligible register, does not take into account even a fraction of 1 per cent, the fact of good character, indifferent character, or bad character, but is wholly and purely scholastic."

Adventures of The Twins

A NEW ERRAND!

HE MOVES RIGHT INTO THE SHELL HIS VICTIM HAS VACATED

One day Nancy and Nick went out to hunt Mr. Hermit Crab for Cap'n Pennywinkle. Not that the fairy policeman cared where Mr. Hermit Crab was, but that he did care where Mr. Whelk and Mrs. Whelk and all the little Whelks weren't. For it's said to tell you, but true, my dear, that Mr. Whelk loves to eat whelks. He really and truly eats them out of houses and home, and when he has filled up his greedy tummy, he moves right into the shell his victims have just vacated. He selects the nicest, biggest, most comely whelk-shell he can find and crawls in and goes to sleep until his dinner is digested. At supper time he wakes up, cracks out, finds another whelk family, and repeats the performance. Really, there was danger of the whelks being exterminated. And that is what worried Cap'n Pennywinkle.

"You'll have to find Mr. Crab and bring him to me," he said to the Twins. "If he didn't hide so well, I could send Cutty Cuttlefish after him, for Cutty likes crabs, just as crabs like whelks, but he can't find him. You can ask Green Shells to take you 'round to all the big shells, and you can peep inside, or, if necessary, go inside, as you can become as little as you like. Then when you discover Mr. Hermit, show him your badge and tell him to follow you. He'll come meekly enough, for he knows he must do as I say. Then when I see him, I've got a lecture a mile long to read to him about the error of his ways. I'm going to keep law and order in Wigglesford Land or I'm a Dutchman. There, now, run along, kiddies. Do your best!"

Off started the Twins on another errand.

George Flavell will appeal to all lovers of the outdoors. His autumn foliage subjects form a pretty group in the Bon Marche display.

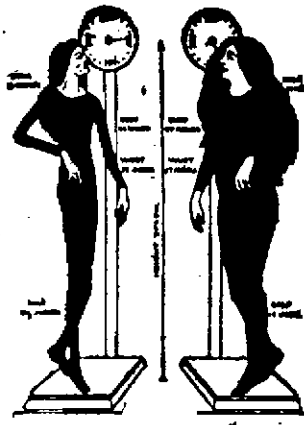

Moonlight scenes by Dellus present vivid and appealing contrasts of light.

Rising is notable for his soft water colors in pastel. There is much material in his paintings that appeals strongly to those who like plenty of color.

The works of Gay, interpreter of sky and sea, have a finished touch. The wave paintings exhibited are realistic indeed.

Middleton displays a number of excellent outdoor scenes.

PICTURE EXHIBIT AT THE BON MARCHE

A water color painting exhibition in the spacious quarters of the Bon Marche art and picture department in Merrimack street under the personal supervision of George A. Baker, is attracting much attention. The exhibit is open to the public, Mr. Baker and the Bon Marche company desiring to give Lowell residents an opportunity to view high class water colors from the brushes of well known painters. It is entirely informal in every way, and there is none of the stiffness to be found in some art galleries where colorature pictures are formally displayed. The gallery at the Bon Marche is notable for its unique setting, affording all visitors a splendid opportunity to view the water colors under the best lights.

The exhibition will be found on the third floor of the building, and the general public is cordially invited to view it. The exhibit will be found there all this week and possibly next week.

There are nearly 20 individual works by eight artists, a simple yet highly satisfying display of popular types of work. It was designed in the first place to appeal to people with a variety of tastes, and is not an exhibit of the old masters in any sense of the word. There is a "modern" touch in every water color.

Among the artists represented are Harry A. Vincent, who designed the scenes in "The Garden of Allah," George Howell Gay, a painter of marines; F. Van Vreeland of Philadelphia; Louis E. Delius, a noted aquatintist; Horace Middleton of the British Royal Academy; George Flavell, painter of nature scenes, and C. P. Rising, specialist on marines.

Mr. Vincent's "At a Gloucester Wharf," valued at \$200, is one of the notable individual paintings. This painter is a frequent visitor to Holland and pictures the broader, brighter sides of Dutch rustic life and character. His windmill paintings are attractive.

INGROWN TOE NAIL TURNS OUT ITSELF

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Adv.

Perry D. Thompson

Is a Performer and Not a Promiser

He Has Proved It

While Perry Thompson's opponents are busy making promises of what they will do, if elected, some of which are fantastic and in complete variance with the provisions of the new charter, he is making the **SOLE PROMISE OF UNSELFISH PUBLIC SERVICE.** His Record Is One of Action and Performance, Not Promises.

It is generally admitted that Perry D. Thompson is the **MOST CAPABLE AND QUALIFIED** of all candidates seeking the office.

His vote always has been recorded against wasteful extravagance of public money. Remember that next year, the mayor makes up the budget which regulates departmental appropriations and controls the tax rate. The Council Cannot Appropriation More Money Than He Recommends.

Whom can you trust more than Perry D. Thompson to protect your interest in the discharge of this important duty?

He is the **ONE MAN** you may rely upon to make creditable and able nominations of department heads—**NOMINATIONS BASED UPON BROAD, LIBERAL AND IMPARTIAL CONSIDERATION.** Perry Thompson's make-up would not allow him to do otherwise and you know it. **HIS PAST APPOINTMENTS TO OFFICE AND TO COMMITTEES AND COMMISSIONS PROVE THAT.**

If you want a **SAFE MAN** to make **SAFE NOMINATIONS** to office, Perry Thompson is the man to **TRUST.**

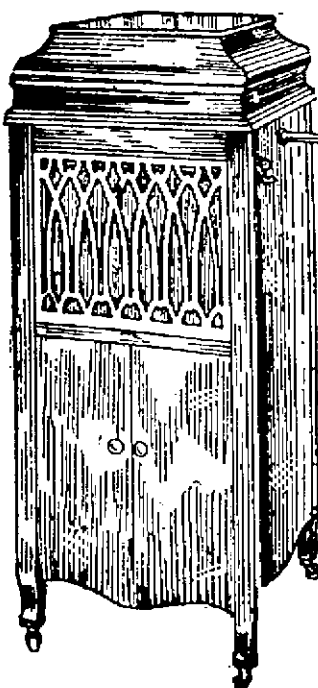

FROM A PUBLIC SERVICE STANDPOINT, WHAT SUBSTANTIAL REASONS CAN YOU ADVANCE TO DENY HIM YOUR SUPPORT?

WOOD SAYS THERE IS TOO MUCH TALK OF WAR

MANILA, Nov. 11. (Delayed)—Tentative talks marked observance of Armistice day in Manila. Parades were abandoned and scheduled open air ceremonies were held indoors. Gov. Gen. Wood delivered several addresses. In one, to world war veterans, the governor declared, "There is too much talk about impending war."

"I know the sentiment in the United States," he said, "and I have traveled sufficiently in the Orient to be able to say the desire for war is as remote here as in the United States."

MATRIMONIAL

Mr. Joseph Laffey of 61 Fulton street, this city, and Miss Alma Canton of Forge Village were married yesterday afternoon at St. John's rectory, North Chelmsford, the ceremony being performed at 2 o'clock by Rev. John Linehan. The bride wore white satin with veil and carried bridal roses. She was attended by her sister, Miss Vena Canton, who was attired in pink georgette, with hat to match and carried pinkies. The best man was Mr. John Laffey, a brother of the groom. At the close of the ceremony a reception was tendered the happy couple in the Abbot Worsted Co. mill in Forge Village. Mr. and Mrs. Laffey left later on a two weeks' automobile honeymoon trip to New York and upon their return they will make their home in this city.

CHURCH ENTERTAINMENT

"The Village Post Office," a comedy sketch presented by the Lowell C. E. quoting the Nishi Nishi. No official figures are available.

The total budget for 1922-23 will amount to a little more than 1,600,000,000 yen.

The most interesting features of the budget are the reduction of approximately 20,000,000 yen in the naval estimates and an increase of 24,000,000 yen in the army figures.

Increase in the army appropriations is due largely to the effort to

strengthen the aviation branch of the service.

CLEANING UP THE COMMUNIST PARTY

MOSCOW, Nov. 17.—The cleaning up of the communist party through Russia is continuing. In the Ural Tatar republic between one fourth and one half of the membership has been ex-

cluded for associating with the bourgeoisie, for drunkenness or for religious fanaticism.

At Baku, 30 per cent. have been expelled, and 50 per cent. have been dropped from the rolls in other parts of the Caucasus. In the Don districts 30 per cent. in the Kuban territory 50 per cent., and in the Black sea ports 30 per cent. have been dropped. Most of those dismissed were so-called intellectuals.

IN THE DISTRICT COURT

Three Months' Sentence for Dolphus Briere for Drunkenness—Other Cases

Testifying against her husband on a drunkenness charge before Judge Wright in the local district court today, Mrs. Dolphus Briere told the court she had put up with the defendant as long as she could and now regardless of promises would no longer have anything to do with him. Dolphus was given three months to the house of correction.

The woman had finished describing to the court, through an interpreter, a drinking party conducted by her husband in their home on Coolidge street yesterday, at which Dolphus invited a number of women, several of whom, whose names were mentioned, were present. The witness further told that following a court decree some time ago, she had been living apart from her husband up to seven weeks ago when they were reunited.

Husband and wife, at the completion of the latter's testimony, started a lively verbal spree, which was quickly suppressed by the judge and court officers. Dolphus wanted to ask his wife some questions but the first one he put to her started a barrage of heated replies from the woman in her own language. She was immediately ordered of the stand. Officer Fanning told of being called to quell a disturbance at the house yesterday and of placing Briere under arrest for intoxication. It was his second similar offense, the police advised the court.

LAMPEN TOLD HE COULDN'T RECOVER

"MY FRIENDS WERE ALMOST STUNNED WITH ASTONISHMENT TO SEE ME ON THE STREET," HE SAYS

"Last May a year ago I was in such a bad fix it is hard to believe for this world was about up. For 27 years I had suffered constantly with light and severe spells of rheumatism. For five months last year my wife had to wait on me all the time. I was almost as helpless as a baby. I had stomach trouble, too, and could scarcely eat anything. I spent \$1500 trying to get well, but I was told my case was hopeless."

"But in October I commenced taking Tanlac and in two weeks I had gained 10 pounds in weight and in exactly three weeks after I finished my first bottle of the medicine I was out picking apples at 15 a day. The first money I had in 10 years. I was able to go up town, and my friends were almost stunned with astonishment to see me again. I was able to go to work, to paint, to paperhang, now as any man, and come home feeling just fine. The fact is, Tanlac has made me a perfectly well and happy man, and my wife and I both think it is simply wonderful."

The above statement was made recently by Harry Lampen, 27 East ave., Lowell, N. H. At present Mr. Lampen is engaged in the painting and paperhanging business. He is widely known and popular.

Tanlac and Tanlac Vegetable Pills are sold in Lowell by Green's Drug store under the personal direction of a special Tanlac representative, by Wright Drug Co., 41 Central St., D. Falls, Chelmsford, Mass.; Snow's Pharmacy, Concord, Mass.; and by the leading druggist in every town.—Adv.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after-effects. They don't injure the teeth like strong liquids or calomel. They take the bowels of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 30c.—Adv.

THANKSGIVING DAY PROCLAMATION ISSUED BY GOVERNOR COX

(Special to The Sun)
BOSTON, Nov. 17.—Governor Cox today issued the following proclamation for Thanksgiving Day:

COMMONWEALTH OF MASSACHUSETTS
By His Excellency Channing H. Cox, Governor.
A PROCLAMATION

During the year we have tried with a measure of success to commemorate worthily the three hundredth anniversary of the landing of the Pilgrims. We have frequently turned to Plymouth in an endeavor to visualize the little company of sturdy men and women who there laid the foundations of a new civilization. Over and over again we have read the story of their struggle against adversity. How they suffered in body and mind through that first year in the wilderness! But after the winter came the pleasant summer. They tilled the land and their labor was rewarded for they harvested plentiful crops. There was rejoicing. A day was set apart that the people with grateful hearts might feast and return thanks to their Heavenly Father for the manifold gifts He had bestowed. They were the better men and women for doing so.

Now, therefore, in appreciation of the numerous blessings which have been ours through the past year, in accordance with the custom of my predecessors who have counted it an honor to follow where Governor Bradford led, and with the advice and consent of the Council, I, Channing H. Cox, Governor of the Commonwealth of Massachusetts, appoint Thursday, the twenty-fourth day of November, as a day of

THANKSGIVING AND PRAISE
On that day let us find and make cause for thanksgiving. Every citizen of Massachusetts, because he is such, has some cause for rejoicing.

On that day let us recall with gratitude that recently the people of one fair section of the Commonwealth, although deeply stirred by the report of the foulest of crimes, evidenced by their restraint their faith in the orderly process of law as administered in Massachusetts. Let us return thanks that our people desire to give their children the benefits of education and that never before have so many sought admission to our institutions of higher learning. Let there be rejoicing that thrift is held as a virtue and practiced, that the amount saved in small sums is unusually large this year, and that sixty-seven out of each one hundred of our population have savings accounts. There is reason for thanksgiving in the strong support given to worthy causes, in the increasing understanding that citizenship imposes duties as well as confers privileges, and in the realization that the opportunities now are as equal and offer as great rewards to those who strive for and deserve them as in any day or generation of the past. Let there be praise of the manifest desire of the people to end wars and to live in peace with all mankind. Let this be a day of joy for fathers and mothers. Let sons and daughters return to their homes, and there at the family hearthstone let all delight and let none be ashamed to pray for our Commonwealth, our Country, and for the true happiness of God's children throughout the world.

Given at the Executive Chamber in Boston this sixteenth day of November, in the year of Our Lord one thousand nine hundred and twenty-one, and of the Independence of the United States of America the one hundred and forty-sixth.

CHANNING H. COX.
By His Excellency the Governor,
FREDERICK W. COOK,
Secretary of the Commonwealth.
GOD SAVE THE COMMONWEALTH OF MASSACHUSETTS.

This was the long drunkenness case of Mr. and Mrs. Louis E. Studley were among the guests of honor.

After and preceding the character march a splendid dancing program was provided. The officers in charge of the party, to whose work the credit is due for its success, were as follows: General manager, John J. Gilley; assistant manager, Thomas J. Mc-

ANNUAL COSTUME PARTY

Pretty Event by Chalfoux Company Employees' Mutual Benefit Association

Pretty costumes, tasteful decorations and a crowd of young people in festive mood made Associate hall a veritable paradise of joy and pleasure, when about 600 merry-makers assembled there last night for the third annual costume party and dance by the Chalfoux Co. Employees' Mutual Benefit association.

JOHN J. GILLEY
General Manager

Although there may have been a greater number of costumes at the previous parties a goodly number were displayed last night, and any lack of numbers was fully atoned for by their beauty and variety.

The character march, always the main feature of these parties, came at 9 o'clock. Among the costumes worn in the march every color scheme imaginable was carried out to perfection and the typical garbs of nearly all the world's nations was exemplified. The judges, Mrs. Bradley Bernard Horan and Robert Douglas, were confronted by a difficult task in selecting the prize winners, but they finally agreed on the following: Prettiest ladies, a butterfly girl, Miss Adrian Smith; second, a porcupine girl, Miss Alphonse Chenette; men's, first prize, "Rugler Brown," Miss Catherine McCann; second, Italian organ grinder, Frank Burnett. The selections met with general approval.

The hall was prettily decorated with black and yellow, alternating folds of these colors hanging from the balconies, and Japanese lanterns hung at intervals, harmonizing perfectly with a background of red and white lattice work. A cozy corner, richly adorned and lighted with a handsome red lamp and a tasteful arrangement of lattice work and palms decorated the stage. The decorations were supervised by Albert Johnson and Joseph Martin of the Chalfoux company.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching
Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.—Adv.

Healing Cream Stops Catarrh

Clogged Air Passages Open at Once—Nose and Throat Clear.

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ-destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffling. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.—Adv.

FRESHMEN OUTWIT THE SOPHOMORES

Despite the efforts of the Sophomores the Freshmen class of Lowell Textile held its banquet last night in Odd Fellows hall.

The whole affair was carried out with the utmost secrecy and the upper classmen were not aware of what had happened until the 90 members gathered in Merriam square after the feed and indulged in a snake dance.

Indigestion or Sour, Gassy Stomach

"Pape's Diapepsin" gives Relief in Five Minutes

"Pape's Diapepsin" relieves stomach distress in five minutes. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief, its harmlessness, its certain unflinching action in regulating sick, sour, gassy stomachs. Keep this perfect stomach doctor in your home—keep it handy—get a large 60c case from any drug store, and then if you should eat something which doesn't agree with you, if what you eat lies like lead, ferments and scours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all indigestion vanishes. It is the most efficient antacid known—the certainty and ease with which it overcomes stomach and digestive disorders is a revelation to those who try it.—Adv.

James E. Donnelly Mayor

In asking the support of the citizens of Lowell of my candidacy for Mayor, my hope for their indorsement is based principally upon the service which I have rendered them in public office, as well as my record for honesty, integrity, and the fulfillment of every obligation which I have ever made in acting as a public official of this city.

The success which I have attained in politics has been founded upon the continued support of my fellow citizens from all classes and walks of life without the exaction of promises or obligations by them which would in any way embarrass me in fulfilling the duties of public office.

The support of the people has been generously given. In return I have endeavored at all times to merit the confidence by strict application to the needs and requirements of my public duties.

TEXTILE TEAM TO PLAY IN VERMONT SATURDAY

The Lowell Textile football team plays the strong Middlebury college football team Saturday afternoon at Middlebury, Vt. It goes without saying that a hard game is in store for the Textile gridiron hopes as the team that represents Middlebury is one of the strongest that the Green Mountain institution has ever turned out. Among the opponents that the Vermonters have faced are Harvard and the University of Vermont. In each case, though defeated, they gave good accounts of themselves.

The Textile team under the able coaching of Coach Becker has come along strong in the past few weeks. And started on a winning streak. The Textile team has been slow in getting into winning shape this year but has at last struck its proper gait and intends to give Middlebury a terrific battle. At the start of the game Coach Becker was handicapped by the lack of material but gradually succeeded in inducing the men to come out for the team. In the last few games the team has come along by leaps and bounds and has shown the results of the work of Coach Becker.

In Captain Ray Walker and Helme Macher the local team has two of the best backs that ever graced the Textile spangles. These two men are good enough for any team. Lombard at center is also a star of the first water and in the two years that he has played at Textile has failed to meet his match. He is the defensive backbone of the Textile team. Coach Becker has brought out some new plays this week and expects to gain through the heavy Middlebury by means of these trick plays. Win or lose the Textile team is sure to give the Middlebury team a stiff argument in the game Saturday.

Take Evans Triple Phosphates With Meals Gain Several Pounds of Solid Stay-There Flesh

In one month's time EVANS' TRIPLE PHOSPHATES puts on several pounds of solid red blooded flesh and changes your weak, run-down, nervous, tired body into a strong, vigorous, robust one or money back.

Of course medical men are surprised and many are still unbelievers, but the fact is Evans' Triple Phosphates is a powerful, safe, reliable, and sure method of producing flesh without violence, face cream, daily massage or beauty treatment.

In order to assimilate the nourishing food that people daily take into the body and turn it into healthy, red blood corpuscles, the nerve that controls the process of digestion and assimilation must be put in first-class shape, and that is one of the first things Evans' Triple Phosphates does.

Evans' Triple Phosphates comes in small tablet form; a ten days' treatment in each box, and one month's treatment is guaranteed to increase your weight at least several pounds, and in ten days make you feel like a new being, full of ambition, vigor and desire to accomplish things. Fred Howard and all good druggists have agreed to supply Evans' Triple Phosphates and guarantee it to do just what is claimed for it, or money refunded.

Even though Evans' Triple Phosphates works wonders in all cases of nervous, digestive and blood troubles don't take it unless you really desire to put on flesh, gain weight.—Adv.

2000 Harvard Men Gather at Mass Meeting to Cheer Their Football Team

BOXING

Tonight is the evening that Billy Murphy of the Acre and Jimmy Nelson of the C.M.A.C. have been looking forward to ever since they made their debut in professional ring circles. It is the ambition of all kinds of the public mind to watch the main bout class. These two boys have gone up the ladder steadily, due in a great measure to the policy of the local promoter to develop and advance local boys at every opportunity.

Some fans aver that the promoter has acted too hastily, while others agree that his move is one that is successful. It will mean not only a great deal to the boys involved, but will redound to his advantage. Consequently, they approve his courage in taking the chance.

Murphy will appear against Kid Thomas of Lawrence, a veteran of many battles and one who, while not a world beater, has had his own against many of the leaders of his class. If Murphy can succeed in winning tonight, he is destined for an immediate step upward. If he loses, a longer apprenticeship in the ring-indeed will be justified in existing. "I told you so."

Nelson is to meet Jimmy Crilly of Lawrence. The pair met earlier this season over the light-round route and Nelson was awarded the decision. Crilly asked for a return engagement over the longer distance, expressing the belief that if given the opportunity he would reverse the decision. Nelson is not much at stake. He realizes it and has trained faithfully to be at his best when the bell rings tonight.

There will be also two six-round preliminaries at the "home of action" tonight.

Today's Sport Angle

In every sport, the team that gets the breaks invariably wins. Very often the winning team makes the break in the game by pressing an early advantage.

In the World Series, the New York Yankees were the first two games because the break in luck favored the American League team. With Hughes on the part of the Yankee players to take a chance assisted greatly in getting the break. The theft of home by Mike McNally, and the first game, and a repetition of the play by Bob Meusel in the second game are two examples. Successful steals of home are something of a rarity in World Series games.

In the third game, the Yankees with a three-run lead overpowered their advantage, and really caused the break of the game to swing back to the Giants. With three runs over the plate, and runners on first and third, no one out, and three strikes, the runner on first for some reason essayed a steal of second.

Evans Tells Why Sequence Play, Thriller Of the Gridiron, Can't Come Back

THE OBJECT IS TO SURPRISE THE OPPOSING SIDE BY QUICK MOVEMENTS

COACH ROCKINE

THE SEQUENCE PLAY INVITES TOO MANY PENALTIES

BY BILLY EVANS

"What has become of the sequence plays in football?" That question was recently put to me by a gridiron star of the old school.

We were watching an Ohio college football game, and were disappointed at the lack of action. The two teams were tied at a score of 0-0, and the game was being kept most of their stuff under cover.

It was not uncommon to see the backfield get their heads together before trying a certain play. As a matter of fact the game was delayed by more arguments than one would expect in a peace conference. These constant delays, which naturally killed off the action, were what caused the veteran grid star to recall the sequence plays of the old days.

A great many of the old players I recall recall games in which a series of plays, pre-arranged and carefully rehearsed and run off without the least hitch, resulted in a decisive factor in the outcome of the game. The sequence play was the surprise attack. In theory such an

CRIMSON THE UNDER-DOG

But Yale Hasn't Shown Enough Yet to Win, Says Coach Bob Fisher

Harvard Leader Confident on Eve of Season's Biggest Game

CAMBRIDGE, Nov. 17.—The Harvard undergraduates having turned out nearly 2000 strong at a mass meeting last night to cheer their varsity eleven, the team today planned to return the courtesy by opening the gates at the stadium after the usual secret practice, and running through formations under the eyes of the undergraduates to meet Yale.

The students were to march to the stadium behind their band and with song and yell, once more assure the team of their support.

The first time in 10 years were the undergraduates or the cheerers of the betting? Coach Bob Fisher told the undergraduates at the mass meeting last night, "I saw Yale beat Princeton and I can say that the Yale team is well coached, plays a good offensive game and has excellent leadership. It is the best Yale team in years. Yale has yet to show enough other game with the Brook Street Stars."

The Mohawks eleven claims the championship of this city. We would like a game for Sunday. The game was out of 3 games. Send challenges through this paper or call 230-W to Manager J. Nagle, between 5 to 7 p. m.

The Concord Stars would like to challenge the Bull-Dozers for a game Saturday morning or 10 o'clock. The lineup is as follows: Welch, Sully, Leonard, Ambrose, Donnelly, Curtin, Ryan, Scanlon, Gleason, Kennedy, Connelley and Hughes. Answer through this paper or get in touch with Manager Welch at the corner of Pond and Concord streets.

The Indian Scorpions will hold a practice session at the corner of Lombard and Graham streets tonight at 7:30 o'clock, rain or shine. All players are expected to report.

To the Sporting Editor:

Dear Sir—Several weeks ago, the Trojan football team played the Brook Street Stars for Sunday. The game was a close one, with the Stars leading at the close of the first half 12 to 0. When G. M. Ryan, the star player of the Stars, made his appearance in the field, the Brook Street Stars would play with more in the St. Patrick's lineup and refused to continue the game. Referee O'Sullivan then forfeited the game to the Stars. The Stars claim the city championship in their class. They would like to arrange an

LOWELL HIGH SQUAD IS READY FOR BIG GAMES

The Lowell high football warriors were put through another stiff workout at Spalding park yesterday afternoon in view of the tough game with Fitchburg high scheduled for Saturday. The high school team is in far better shape now than at any other time during the season and is anxious to come through in the remaining games. The big game with Fitchburg is a week from today and preparations are being made to give them a proper reception. This is the game of the year for the high school team and it is expected that one of the largest turnouts of recent years will witness that game.

Lowell high has had more than its share of tough luck this year, but now things seem to be running smoothly again. At the start of the year Coach Eddie Carley was hit a severe blow when Able Holt, one of the best ends ever turned out of high school, was declared ineligible by a new state ruling. Then Condon, the other end, was injured and forced out of the game for three weeks. Now they have Condon back again. Captain Liston was injured and also laid up for three weeks. All the injured players, however, are now back in the game.

Lowell is regular, with the exception of Dodge, in its great backfield. The injured knee may keep him out of the game Saturday. Coach Carley will take no chances of endangering the services of this boy for the Lawrence game. In the event that Dodge does not play Saturday, Rowlandson will hold down center while Long will take the tackle berth. In the practice yesterday a long signal drill was followed by a short scrimmage. The first team lineup composed of Liston, Norman, Conway and Hilton ripped the second line to shreds and seemed to gain at will. Conway, whose leg is still weak, was later relieved by Sheehan. Coach Carley isn't saying much about the game Saturday. He said that Penn State can have a post-season date with Notre Dame if it cares for it.

NOTRE DAME GOES HIGH

Notre Dame, with its own style of play, made such a hit with football enthusiasts in New York that an effort is being made to bring the westerners back for another game. It is said that Penn State can have a post-season date with Notre Dame if it cares for it.

WILL TRAIN IN FLORIDA

The Brooklyn club has practically decided to train at Miami, Fla. Miami is an ideal training ground; in fact, the climate is almost too good. Teams usually come up north from there a bit too far advanced as to condition, and suffer when coming south.

SIX CITIES WANT SHOOT

Six cities are in the field for the 1922 grand American handicap, the target shooting classic. The cities seeking the crown are Chicago, Cleveland, Indianapolis, Kansas City, Des Moines and Atlantic City.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs. Into a pint bottle put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint will cost but two thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membrane in all the passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions, and do not accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

EXPECT TO COMPLETE TO NAME U. S. ENVOYS ARBUCKLE JURY

SAN FRANCISCO, Nov. 17.—While prospects seemed bright for completion late today of a jury in the Arbuckle case, indications were that the introduction of testimony would not begin until Monday. Opening statements of counsel are expected to occupy all the intervening court sessions.

Twelve temporarily accepted jurors, three of them women, were in the box when court adjourned last evening.

SCHOOLS TO STUDY ARMS CONFERENCE

BOSTON, Nov. 17.—Governor Cox's recommendation that the deliberations of the armament conference be made the subject of study in the public schools, was followed today by an order from Payson Smith, state commissioner of education to have discussion and study made of the conference in high schools and upper elementary grades. Preservation of current reports of the conference for the school libraries, also was suggested by the commissioner.

INTERNAL REVENUE SQUAD LEADER

James P. Dwyer, a former Lowell man, was recently appointed squad leader of the internal revenue agents in the Lowell district. His squad has charge of investigations of returns made by individuals and corporations.

Mr. Dwyer, now of Manchester, N. H., and formerly squad leader there, succeeds Arthur W. Rigby who was transferred to the Manchester district. Mr. Dwyer is located in room 603 of the federal building.

AUTO SKIDDED

A Buick touring car registered to Alexis D. Sargent, 29 Hanks street, skidded shortly after noon on East Merrimack street, opposite All Saints church, jumped onto the sidewalk, causing the collapse of the rear left wheel. No one was reported injured.

Begin Direct Negotiation

deavors of the armament conference to find a solution of the problem of the Far East.

Sitting as a special committee on the Far Eastern situation, the heads of the nine delegations went into conference to outline the respective policies by which each will be guided and to work out a plan of procedure that will give each of these policies a fair show.

CHINA'S PROPOSAL WORKING BASIS

WASHINGTON, Nov. 17.—(By the Associated Press)—The general principles presented by China for solution of the Far Eastern problems, afforded at least a definite working basis for the Washington conference as the delegations of the nine participating nations prepared to meet again today, as a committee, to work out plans of procedure for reconsideration of those problems. Known to have the moral support of the United States, the principles at least so far as they stand for actual practice of the open door policy and for abolishment of "spheres of influence" in the Far East, also are declared on the highest authority to have the support of Great Britain.

By the same authority it was said the conference would proceed to consideration of Far Eastern questions at once on the basis of the proposal submitted by the Chinese delegates, the various principles set out in the plan to be referred to experts who will examine them and submit their reports to the full conference at the earliest practical moment.

Japan would heartily subscribe to many of the points presented by China. It was stated by spokesmen for her delegations, but other points raised doubtful questions which might be answered only after mature consideration. Chief among the latter they regarded the proposal that the powers conclude no treaties affecting China without consulting her, the Japanese considering that this might directly affect the Anglo-Japanese alliance. It was declared to be the British view, however, that the alliance was not directly involved in the Chinese proposal although it may later be drawn into the discussions. As directly affecting their individual national interest, the great importance to the proposal that all existing commitments relating to China should be "examined with a view to determine their scope and validity."

The Chinese proposal was favorably commented upon by both the French and Italian delegations as forming a suitable basis for discussion of the whole Far Eastern question, although lacking definiteness, except as to principle.

Not to Scrap Navy Yards

WASHINGTON, Nov. 17.—(By the Associated Press)—The British suggestion that each of the naval powers retain at least one naval building yard capable of turning out one ship a year does not appear to be understood by American naval officers particularly familiar with construction problems. There was no suggestion in the American limitation proposals that any yards be scrapped and so far as navy yard facilities in this country are concerned, all will be needed. It is said in the maintenance and repair of the retained fleet.

If the British suggestion, a wholly informal one as yet so far as known, has to do with providing means for insuring the advancement of naval engineering knowledge during the proposed 10 years' holiday, there is no doubt that it will receive much approval among American naval officers. That aspect of the holiday proposal already has appealed to technical experts of the United States. They have assumed that this would be covered in the final form of the holiday agreement.

One thing that many officers hope will be possible under the limitation program is that the navy can be kept in better shape at all times than was possible with the larger fleets and extensive work on new programs.

Plans for Complete Resumption of Diplomatic Relations With Germany

WASHINGTON, Nov. 17.—Preparations for a complete resumption of diplomatic relations with Germany are being made by the state department.

Announcement was made today at the department that a complete list of consuls for the important centers where American envoys were stationed before the war was being prepared and appointments would be made soon. It also was said a full staff for the embassy at Berlin is being prepared.

In explaining the nomination of Ellis Loring Dresel to be charge d'affaires, it was said that that action was to regularize Mr. Dresel's taking over of America's interests at Berlin. Mr. Dresel has had no diplomatic status.

It was announced today at the state department that the United States had officially thanked Spain for the efficient manner in which America's interests in Germany were conducted during the war period.

MAY SEND TEAM TO ENGLAND

PHILADELPHIA, Nov. 17.—The University of Pennsylvania athletic authorities made known today that a definite invitation had been received from England to send a relay team to London next spring for the first English intercollegiate and interscholastic meet patterned after the Pennsylvania relay carnival. The tentative date of the meet is April 8.

To Sustain Lloyd George

tations will be sustained in the national conference of the Unionist party increased as the meeting convened today in Liverpool. Some 1500 delegates are attending the conference. There was a growing overnight feeling that the sensational developments predicted in some quarters—including a conservative secession led by Andrew Bonar Law—would not occur and that the government's policy would receive the calm endorsement of the convention by a great majority.

This feeling was supported by news that the Unionist "die-hards" had withdrawn four of the five resolutions they had planned to offer, deciding to present only a comparatively innocuous one.

At a meeting of Unionists of 11 divisions of Birmingham, in Liverpool last night, a resolution expressing "heartily approval" of the government's efforts toward peace, was signed. It is reported that Sir James Craig, the Ulster premier, has arrived in Liverpool to attend the conference. Premier Lloyd George will not go to Liverpool, having journeyed to Bournemouth, a seaside resort, for a brief rest. He expects to receive today the Ulster reply to the government's communication, rejecting the "Ulsterites" counter-proposals which outlined terms acceptable to them as a basis for peace.

Ulster Refuses to Yield

LONDON, Nov. 17. (By the Associated Press)—Ulster's reply to the latest British government communication on the question of an Irish settlement, was delivered at Downing street this afternoon. It indicates that Ulster stands firm in the attitude she has taken and will not submit to anything considered a violation of her rights.

Complaining that the government has failed to maintain secrecy regarding negotiations, the Ulster representatives threaten to publish the correspondence.

be allowed to serve, and has been but a substitute precinct officer anyway. Such is the elder Mr. Angelo's reputation in the ward that we feel no doubt of his fitness to serve.

The second letter reads:

Lowell, Mass., November 16, 1921.

Dear Sirs:

Has a woman whose husband has been in Lowell forty years and is still an alien a right to cast a vote? If not, please draw a red line through the name.

(Name omitted by request.)

Respectfully yours, JOHN DOE.

On receipt of the complaint from "John Doe," the commissioners in-

vestigated the matter referred to and found that the woman whose name was mentioned was born in Lowell and registered in 1911. At that time a woman could vote only for school committee and during registration the registrars were not in the habit of asking if a woman was married or single. Although they do this now, it is not one of the questions prescribed by law. Finding that the woman had really lost her citizenship through marriage, her name was taken off the list. A similar case occurred a year ago, but the man who made the complaint had the courage to appear in person and tell his story. The commission wishes to state that if those who communicate will sign their names the favor will be greatly appreciated.

Time of Closing Polls

In speaking of the Boston case in which all persons in line at the hour set for closing the polls were allowed to vote, the commissioners agree that this is the right thing to do, but say that it is nothing more than an extension of time by the election commissioners, and requires no action other than their own. Although the law requires that the polls open at noon and remain open at least eight hours there is no provision in regard to their closing, and the commissioners have full control on this matter. Chairman McOsker states that he believes in giving everybody a chance to vote and take time enough in doing so to mark their ballots intelligently. The commissioners are reluctant, however, to make the hour of closing any later than at present, and do not think that many more people would avail themselves of the opportunity even if such a step were taken.

Elks' Hall Italy

While a rally held at Elks' hall last night was intended to promote the candidacy of Commissioner James E. Donnelly a number of candidates for councilor and school committee also spoke on their campaigns for office and their principles. An excellent musical program was also given during the evening.

Commissioner James E. Donnelly was the principal speaker and made a brief address, reaffirming his policy of refraining from personalities and offering his record of performances as a man of his word as arguments for his support.

The Dion sisters, Misses Alice, Bertha and Mary, soloists, and Ella, accompanist, were first on the program, and entertained the audience immensely with a number of clever character songs and duets. Later in the evening Misses Sadie Sheehan and Florence Hague were warmly applauded after their vocal efforts. They were accompanied by Mrs. Alice McLaughlin.

Women on the Job

Female vote canvassers made their appearance in Lowell streets today. A squad of women braved the steady downpour to canvass the streets of the business district in behalf of one of the candidates for mayor. The women, working in groups of two or three, stopped passersby, both men and women, presented them a card showing the candidacy of the particular mayorality aspirant and asked them "Couldn't we interest you in the candidacy of Mr. ——— for mayor?" In some cases the answer was favorable, the person approached stating it was his or her intention of voting for that particular candidate while others declared their intention of voting for other candidates.

The women canvassers did not appear the least bit disturbed at rebukes but instead continued to explain why their candidate should be nominated. In cases where they could not swing the prospects to their way of thinking they would finally part with a "He's the best man, anyway."

Women Takes Stump

The first outdoor speech in the present campaign by a woman was made this noon at the Dutton street gate of the Saco-Lowell shops by Minnie J. Salter, candidate for school committee. The light rain which was falling was not allowed to interfere in the least with the schedule, and promptly at 12:15 Mrs. Salter appeared, carrying her own rostrum, a soap box.

The lady stated that she was born in Lowell, received her education here and, in fact, has lived here all her life. She said she has been dubbed "The working girl candidate" and that this title is well applied, since she is the working girl candidate. She asked the voters, her fellow-workers, to place her not only among the nominees but at the top of the list.

Miss Salter promises that if she is elected she will not merely attend meetings, make and second motions, and move to adjourn, she will look

into the facts relating to everything brought before the committee and will pass judgment accordingly. She will visit the schools of the city at least once a month, risking the loss of a day's pay if need be. She will be ready to do anything for the betterment of the school system and for the benefit of the pupils and their parents, and believes that local teachers should be given the first chance at all times if their qualifications are satisfactory. Closing, she said that her number on the list is 20, and asked the voters on next Tuesday to erase the 0 and make her number 2, at least.

At the conclusion of her talk several other candidates addressed the crowd.

Crowding the Voters

The election commissioners are much concerned over the probable effect of the restricted accommodations in the polling booths at next Tuesday's primary. It has been mentioned before that although the registered voters have doubled in number in the last two years, the size of the booths has been increased in only four of the large precincts. At the recent referendum elections it has been reported that during the late hours, as many as three hundred voters have marked and cast their ballots in some of these precincts in the space of an hour, and that the booths have been overcrowded under such conditions.

In this case it will be impossible for two hundred voters to perform their duty in an hour, with an average of one hundred and fifteen names on the ballot. In the precincts with lists containing the names of about 2000 voters, as in precinct 3 of ward 3, precinct 3 of ward 6, precincts 1 and 2 of ward 3 and precinct 3 of ward 3, this means that if all the voters were to appear during the hours allowed for the casting of ballots they would hardly have time to vote, whereas if they held on until late in the evening many would be absolutely unable to vote. The commissioners are very anxious that something should be done to relieve this situation, but have little hope that anything can be accomplished in the short time remaining.

VOTE FOR

N. Y. MILK STRIKERS SUE COMPANIES

NEW YORK, Nov. 17.—The milk wagon drivers' union, whose members are on strike for higher wages and union recognition, attacked the milk distributing companies from a new angle yesterday, seeking criminal prosecutions for alleged violations of federal and state anti-trust laws.

John B. Johnson, counsel for the union, announced he had filed complaints with Attorney General Daugherty and with United States District Attorney Hayward of New York, alleging violation of the Sherman act and with the district attorneys of the five counties of Greater New York, alleging violations of the Donnelly act.

The complaints, he said, specifically charge that the milk conference board of which 12 of the largest distributors are members, is engaged in the

fixing of milk prices that affect, by the board's own admissions, 85 per cent. of the 10,000,000 people in the metropolitan area.

Simultaneously he joined, in behalf of the union, in an application of 18 distributing companies for the continuance of an injunction issued by Supreme Court Justice Kapper in Brooklyn, restraining the strikers from committing any acts of violence. A similar injunction affecting the Bronx was issued yesterday by Justice Guy.

Mr. Johnson, appearing before Justice Kapper, asked that the Brooklyn order be altered to make it less sweeping and to eliminate any suggestion that members or officials of the union were in conspiracy in restraint of trade as alleged by the distributors. Justice Kapper took the matter under advisement.

Later, at his office Mr. Johnson announced that his statement regarding the union's efforts to bring about criminal prosecutions of the distributing companies had brought representatives of three of the companies to his office, seeking information as to how far he planned to go.

Asked if any of the three had made promises toward the union, he said he "could not violate a confidence," adding that the steps he had taken could not be retraced as they had been made a matter of court record.

HELD IN \$5000 BONDS N. E. RAILROADS MOVE TO REDUCE WAGES

Chapman Charged With Being Implicated in \$400,000 Theft

BOSTON, Nov. 17.—Bert R. Chapman of this city, arrested in New York charged with receiving and secreting securities alleged to have been part of the \$400,000 loot obtained by bandits who held up a mail truck in Los Angeles last March, pleaded not guilty before a United States commissioner here today. He was held in \$5000 bonds for a hearing Nov. 23.

Charles Solomon, arrested here yesterday on a similar charge, will be given a hearing the same day.

N. E. RAILROADS MOVE TO REDUCE WAGES

BOSTON, Nov. 17.—Proposals for wage reductions have been made by the three principal New England railroads, it became known today. The N. Y. N. H. & H. the Boston & Albany and the Boston & Maine railroads have sent formal notices to the several unions of their employees that they wish to cut wages because of existing conditions, and wish to hold conferences to discuss the matter. The amount of the proposed reductions was not stated.

After the conferences between the management and employees' representatives, the proposals will be forwarded to the United States labor board in accordance with the established procedure.

HARVARD DRAMATIC CLUB COMING HERE

The Lowell Radcliffe club is bringing the Harvard Dramatic club to this city on Saturday evening, Dec. 3. Great interest is being displayed as this is the first appearance of that famous organization in Lowell. The single performance will be given at the Colonial theatre, Old Fellows building. Two plays will be presented on the same evening, each a one-act masterpiece. The Harvard club will continue its policy of offering plays by noted foreign authors not previously presented in this country. The plays to be given on Dec. 3 will be "The Violins of Cremona" by Francesco Coppée, and "The White Mountain" from the Spanish of Julio Sanchez Gopet.

The first of these is a charming sketch of life in northern Italy in the eighteenth century, and has been presented repeatedly by the Comedie Francaise of Paris. In the English version to be presented here, the club has been ably assisted by some members of the Comedie Francaise now residing in this country. "The White Mountain" is one of the best of the so-called "outlaw" plays, and is a characteristic expression of life in the mountains of France. The play is a powerful, working up to a tremendous climax. This production is of special interest, since it will be the first time with the exception of the recently filmed "Four Horsemen of the Apoca-

AMERICANS FEED 300,000 CHILDREN IN RUSSIA

RIGA, Nov. 17.—(By the Associated Press.)—Ex-Gov. Goodrich of Indiana, who went to Russia two months ago as a special investigator for Herbert Hoover, chairman of the American relief administration, has been recalled by cable and asked to return to America to report immediately to Mr. Hoover concerning the latest Russian famine conditions.

Mr. Goodrich arrived at Riga yesterday on his way to England, whence he expects to sail on the steamship George Washington November 30. He said yesterday the Russian relief officials everywhere were assisting the relief administration and that what few small obstacles did exist were due to unintentional inefficiency.

Walter Lyman Brown, European director of the relief administration, is due to arrive at Riga from London next Wednesday to confer with Col. William N. Haskell, the Russian director, who is due here from Moscow on Saturday, regarding the problems of extending the scope of the famine relief.

After four months of work, the Americans are actually feeding only about 300,000 children, and the winter transport problems promise to increase the difficulty of reaching 1,000,000 hungry children, as originally planned. It is considered possible that Dr. Brown, himself, may go to Moscow to look over the situation.

Heard Denied
WASHINGTON, Nov. 17.—(By the Associated Press.)—The return of ex-Governor Goodrich of Indiana to this country was taken by commerce department officials last night to mean that he had completed an investigation of famine conditions in Russia, undertaken for Secretary Hoover. Mr. Goodrich, officials said, was not recalled by Mr. Hoover.

DAVIS ATTACKS PRICE BOOSTERS

WASHINGTON, Nov. 17.—Eggs, Secretary of Labor Davis said yesterday, are "going sky-high and likewise turkey." These two commodities, contrary to the general trend of food-stuff prices, are being boosted prior to holiday demands, Mr. Davis asserted.

"By the cupidity and short-sightedness of the storage warehouse people," he said, "the eggs gathered in, they jack up the price till nobody can buy but the rich." Secretary Davis declared. "Then in the spring they have nothing on their hands but old storage eggs that they are obliged to sell at cost."

Commissioner of Labor Statistics Stewart tells me further that Thanksgiving turkey in Washington may go up to 75 cents a pound. I know for my part if turkeys go to 75 cents I'll eat corned beef and cabbage for my Thanksgiving dinner.

INVESTIGATE BOMB PLOT AT LACONIA

LACONIA, N. H., Nov. 17.—Under the direction of County Solicitor Thomas P. Cheney and City Marshal Charles A. Harvell, officers of the Laconia police department and men from a private detective agency in Boston have been at work all day securing evidence in the case of the bomb found in shop No. 10 at the plant of the Laconia Car company here.

The bomb was found late in the afternoon of Thursday, Nov. 10, in the locker of a Bulgarian whose name is given as Joseph Christich, by a fellow workman known by the name of Charles.

The bomb was a crude affair made of an old oil can and contained a quantity of dynamite together with some iron shrapnel. A fuse was attached. A paper was around the bomb dated May 15, 1921. The officials at once started work on the case and kept the matter a secret in order that the local men and the detectives could work quietly in gathering the evidence.

EMPLOYEES ANTICIPATE WAGE REDUCTION

It was expected by the employees of the American Hide & Leather Co. that notices announcing a reduction in wages of 10 or 20 per cent. would be posted in the various departments of the plant today, but at noon no such action had been taken by the officials of the company, and William T. White, manager of the local plant, would not comment on the matter, although he would not deny that the company was contemplating a readjustment of wages.

The matter of the proposed reduction was first taken up last Tuesday, when notices were posted in various parts of the plant announcing meetings of the employees under the auspices of the company. Each department was given a special hour for the meeting and a representative of the general office of the company addressed the workmen at length on the necessity of a reduction in wages.

As a result of the various meetings held in the plant during the day a special meeting of the Leather Workers' union was held in the hall of the organization in Central street Tuesday night and it is said that the topic of discussion at the meeting was the proposed cut. It was also learned, although not officially, that the union unanimously voted not to accept any reduction in wages at this time.

When interviewed by a Sun reporter on the matter this forenoon, Manager White, of the company, would not make any statement concerning the plans of his company. He stated, however, that no notices had as yet been posted. Mr. White would not deny nor affirm that a reduction in wages was being contemplated.

The proposed reduction in wages if put into effect will affect several hundred men, all skilled help, most of whom have been with the company a long time. They are all members of the International Leather Workers' union.

SAYS R. R. WAGE CUTS INEVITABLE

DETROIT, Nov. 17.—General demand for reduction in transportation costs require a reduction in wages of all employees, the Michigan Central railroad company announced today. In a notice addressed to all employees, the company advised that it desired to confer with representatives of the various classes of employees with a view to arriving at an agreement upon wage reductions.

The date and place for the conference, it was stated, will be decided upon later.

"The general and insistent demand for reduction in transportation costs and adjustment of railroad wages on a scale that will be just and reasonable, require a reduction in wages of all employees," the notice declares.

Doctor at 82 Finds Mothers Prefer His Formula to New-Fangled Salts And Coal Tar Remedies for Babies

Judgment of 1892 vindicated by world's approval of Dr. Caldwell's Syrup Pepsin, a simple vegetable compound for constipation—So safe thousands give it to babes in arms—Now has largest sale in the world.

WHEN a man is in the 33rd year of his age, as I am, there are certain things he has learned that only time can teach him. The basis of treating sickness has not changed since I left Medical College in 1875, nor since I placed on the market the laxative prescription I had used in my practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

From a recent portrait of DR. W. B. CALDWELL
Founder of Dr. Caldwell's Syrup Pepsin
Born Shelbyville, Mo., 1837

Then the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of my Dr. Caldwell's Syrup Pepsin, which is a combination of Egyptian Senna and other mild laxative herbs with pepsin.

Recently new medicines have been brought out for constipation that contain calomel, which is mercury, salts of various kinds, minerals, and coal tar. These are all drastic purges, many of them dangerous, and the medical profession

is warning the public against them. Certain coal tar products will depress the heart; certain salts give rise to intestinal poisoning, impaction and rupture of the intestines. If grown people

want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with pills and powders and strong drugs, even if disguised in candy? My remedy, too, costs less than most others, only about a cent a dose. A bottle such as you can find in any drug store, will last a family several months, and all can use it. It is good for the babe in arms because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal.

The formula of Dr. Caldwell's Syrup Pepsin is on the cover of every bottle, and the ingredients have the endorsement of the U. S. Pharmacopoeia.

BRIEF BUT IMPORTANT
WIRE DESPATCHES

BOSTON, Nov. 17.—Clyde Colt of New York, was arrested here today on a charge of fraudulent use of the mails in connection with the promotion of the North Shore Fisheries corporation of Boothbay, Me. He waived examination and was held for the federal grand jury in \$500 bonds.

WASHINGTON, Nov. 17.—(By the Associated Press)—Savings in next year's naval appropriation bill, should the American naval reduction proposals be adopted were estimated roughly today by congressional leaders and committee experts at from \$200,000,000 to \$250,000,000.

WASHINGTON, Nov. 17.—Declaring that the senate's decision in Henry Ford's contest for the Michigan senatorial seat of Truman H. Newberry, "vitaly affected the dignity and honor of the other 35 senators," Senator Pomeroy of Ohio, today opened the second day of senate consideration of the question.

NEW YORK, Nov. 17.—Varying views as to the actual degree of armament limitation that would be brought about by Secretary of State Hughes' program for a naval holiday and the scrapping of battleships were developed by naval experts at the opening session of the convention of the society of naval architects and engineers here today.

NEW YORK, Nov. 17.—A new world's record for long distance radio communication was made on Nov. 6, according to the Radio Corporation of America, which announced today that President Harding's message addressed to the nations of the world was picked up in New Zealand, 10,000 miles away. The message was sent from the new radio central at Rocky Point, L. I.

FIRE IN AUTOMOBILE
The alarm from box 41 shortly before 2:30 o'clock this afternoon was for a slight blaze in an automobile in a shed in the rear of 53 Cambridge st.

STOCK MARKET

NEW YORK, Nov. 17.—Overnight announcement of an immediate cut in freight rates on agricultural products was without material influence on today's stock market. Changes in that group were mainly, though moderately, towards higher levels. Strength again was shown by oils, equipments, shippings and the various chemical and fertilizer specialties. Mexican Petroleum rose 1 1/2. Railway Steel Springs 1 point, and American Agricultural Chemical 1/2. Mercantile Marine 1/2. and American Ice were higher by one to almost two points. Royal Dutch was the only active stock to show a reactionary tendency in connection with forthcoming dividend rumors, losing 1 1/2 points. Exchange on London again was strong. Industrial alcohol rallied later and investment rails, American Telephone and Secondary equipments reflected substantial accumulation. The closing was, however, Government bonds were firm. Other active issues showed occasional irregularity.

Cotton Market
NEW YORK, Nov. 17.—Cotton futures opened steady. Dec. 16.70; Jan. 16.85; Mar. 16.83; May 16.87; July 16.15. Cotton futures closed barely steady. December, 16.80; January, 16.83; March, 16.88; May, 16.87; July, 16.23. Spot quiet, middling, 17.20.

France's Attitude

Continued
ang Tchou, which she leased from China in 1895, provided Great Britain gave up Wei Hei Wei and provided Japan gave up Shantung, leased by the Germans at the same time, and the Port Arthur peninsula.
Third—France would not be unwilling to surrender her extra territorial privileges if other powers were willing to do the same. France gave up these privileges in Japan in 1906 and was in negotiation with Turkey to give them up there in 1911, when the war broke out. However, the French feel that extra territorial rights should be maintained until it is clear that the Chinese republic can give adequate security and justice to foreigners.
Fourth—The French colony of Indo-China did not belong to China but to Annam. Consequently, Indo-China, the great French colony with 25,000,000 inhabitants, does not come in the question according to the French point of view. If, however, some question should be raised as to the rectification of the 900-mile Chinese frontier, the French government would be willing to discuss the boundary.
Fifth—France approaches the discussions of Far Eastern questions in sympathy with Japan's need for expansion and for raw material. The French delegation desires under all circumstances to take a conciliatory and pacific role.
Sixth—France is for open dealings of the powers with China and against any secret negotiations.
The subject of spheres of influence beyond Indo-China does not seem to be a serious one because the policy of spheres of influence was replaced more than 10 years ago by the policy of the consortium of powers. Nevertheless France, having due regard to her private interests in Yunnan and by agreement with Great Britain and Rouman Gai, made early in the first decade of this century, would give up this rather intangible privilege provided Great Britain did the same.

Asthma Is Dangerous

Folly to Disregard Its Warning
Asthma is not only a disagreeable affliction but a dangerous one. The constant difficult breathing, the choked-up air passages, the struggle for relief, the loss of rest, combine to force a great strain on the nervous system and often too great a strain to stand.
It is the worst of folly to neglect such a condition or to continually treat with ordinary narcotic medicines, drugs, inhalers, smokers or douches which merely temporarily relieve from the choking paroxysms and do not relieve or correct the real cause of the trouble. Instead get the help of the Pharmacy, Leggett's Green's drug store or any other drug store. A bottle of Oxidase (essential oil) tablets and take one at short intervals whenever distress is felt and one on going to bed. Oxidase is usually felt and in addition the effect of consistent treatment is to gradually bring about a greatly improved health condition as the symptoms of Asthma disappear forever. Leggett's Green's successful prescription of a Worcester, Mass., physician and its treatment of Asthma, even in the very worst forms has probably never been excelled.
Lowell Pharmacy, Leggett's Green's drug store sell it and patients find it a safe, pleasant and inexpensive treatment to use.—Adv.

SEIZED BY RUM-RUNNERS

Coast Guard Taken Into
Dory and Dropped
Overboard

BOSTON, Nov. 17.—An attack on a coast guard at Plymouth by men supposed to be rum-runners was reported to coast guard headquarters here today. Thomas P. Stanley of the Gurnet station, was patrolling the beach late at night when he came upon three men. They struck him, took him into a dory and rowed out with him, dropping him overboard some distance off shore. Stanley swam ashore and reported the matter at the station. Officials said they had been able to obtain no trace of the vessel from which the men landed.

The battleship was the crate in which the chamber of commerce of Cuero, Texas, shipped the gobbler for the presidential dinner.

SUDDEN DEATH.

OF JOSEPH MACK

Joseph Mack, for nearly a year manager of the Rialto theatre in this city, and widely known throughout the east through his connection with moving picture houses, died last night, of apoplexy. In the Colonial theatre, Newport, 11 hours after Mack was supposed to have retired to his home. Mrs. Mack summoned the aid of the police and a search revealed the body of the missing man at the bottom of a stairway in the moving picture house.

The deceased was manager of four theatres in that city, where he went a year ago next month. He was manager of the Rialto until that time, having come here early in 1920 from Boston. Before his coming to Massachusetts, Mack, according to theatrical men in this city, had charge of several New York movie houses. Deceased was well and favorably known here.

PAUL KITTLEDGE COUNCIL

The committee in charge of the arrangements for the entertainment and whilst to be given in the near future under the auspices of Paul Kittledge council, A. R. I. R. and Tuesday night at the home of Mrs. Craven, in East Merrimack street, to discuss plans for the affair, which it is expected will be most successful. The committee is composed of the following: Mrs. Craven, chairman; Miss S. Clark, Miss M. Cox, Miss A. Cox, Miss Brennan, Miss Connoton, Mrs. Kierce, Mrs. Kane, Mrs. Heattie, Mrs. H. Lennox, Mrs. J. Payne and Mr. P. Kane.

EARLY MORNING FIRES

A hot flatiron laid on a board in the tailor shop numbered 22 Cabot street last evening was responsible for a still alarm at 12:30 o'clock this morning. When the firemen responded they found the board badly scorched, but no serious damage had been caused. At 1 o'clock this morning a still alarm was sent in for a slight blaze in the cellar of the premises numbered 251 West Sixth street, caused by an overheated boiler.

USES UNIQUE METHODS

Coach Gardner of Yale recently had the ultra slow motion pictures of the crew taken in action. It is his intention to use these pictures in an effort to correct the faults as brought out by the slowed up action.

MISKE LOSES BANKROLL

Billy Miske, the light heavyweight fighter, is reported as having lost his entire fortune of \$35,000 in an automobile venture. Miske is said to have protected his creditors with every penny he possessed, even selling his home to pay his debts. It's a tough break for Billy, who is a regular fellow, and likewise mighty hard on the wife and three children.

EVERETT GETS COACH JOB

Jawn Evers, whose specialty is making speeches to National league clubs on how to win the world series from the American league, is to be back in the National again. On good authority comes the report that Evers is to succeed "Cozy" Dolan as coach of the Giants. With Evers at first and Jennings working at third, the Giants will have plenty of right and pepper on the coaching line.

MAKE HOCKEY CHANGE

College hockey in the east will be played by six-men teams this year. Harvard, which has always been strong for the seven-men team, of- fered the suggestion that all the colleges use the six-men team, and the idea was adopted. The Intercollegiate Hockey association is composed of Harvard, Yale, Princeton, Pennsylvania, Cornell, Columbia and Dartmouth.

WAR HERO, STAR PLAYER

Quarterback Preston of the University of Nebraska eleven, which so soundly trounced Pittsburgh, is a war hero. Preston served America in the aviation division, and was credited with officially bringing down four enemy planes. He was twice decorated for valor and twice wounded. He has not yet entirely recovered from his last injury.

No Advance in Price of Coal

Continued

down this winter. We learn that there can possibly be no lowered rates until early next spring. The commission now dealing with the rates on coal shipments along the Atlantic seaboard and interior points close to this ocean transportation line, has only begun to function. But there isn't a chance of coal prices being boosted this winter in Lowell, and you can say so.

Dealers say the quality of coal this winter is better than it has been for four years. Customers have not complained so frequently about slate and dirt, as was the case during the war and afterward. There is a brisk demand in Lowell for stove coal for fuel use in boilers and furnaces.

The coal men say housewives ought to use more of the "No. 1 Nut" coal, if they really want to save money. This coal is larger than the pea coal, but is not too large to pack down closely in the fireboxes of the kitchen and parlor stoves. It makes a fine bed of coals and one that really gives more heat and lasts longer. There is not so much opportunity for the coal to burn up quickly, as when large pieces of coal are put into the grate box and the free circulation of air around the fuel chunks results in less of heat up the chimney and loss of the fuel values of the coal, which is apt in many cases to be quickly consumed. Coal men say for real money-saving, the "No. 1 Nut" is the kind to buy, and they have plenty of it on hand in Lowell, with a supply in the yards and on the rails coming this way sure to last many weeks.

Serious Disorders In Bombay

BOMBAY, India, Nov. 17.—(By the Associated Press)—Coincident with a procession escorting the Prince of Wales through the city of Bombay today, serious disturbances occurred in the native quarter, attributed by the authorities to agitation by followers of Mahatma Gandhi, the Hindu "non-co-operationist" leader, resulting in a number of casualties. The procession itself, however, was not marred by any untoward incident.

"Bluebeard" Denies Accusation

VERSAILLES, Nov. 17.—(By the Associated Press)—Henri Landru, reputed "Bluebeard of Gambais" today was called upon to explain the disappearance of Madame A. Jaume, the eighth on the list of 10 women and one man for whose murder he is being tried. Madame Jaume was the only woman of mature years, not a widow, with whom he is charged with having had relations. The prosecution charges that Landru took steps to obtain a divorce for her. The prisoner, however, maintained that his relations with her were merely "another commercial transaction."

Still Explodes—Fire Follows

SPRINGFIELD, Nov. 17.—Explosion of a still in the home of Mrs. Celia Kalava today and the resulting alarm of fire, led to the arrest of Mrs. Kalava, who will be turned over to the federal authorities. Too much heat supplied to the still by a gas plate in a bedroom, caused the boiler to blow up, plastering the room with mash and doing other damage.

MIG DESFORGES HONORED

Mr. Fred Desforces of 28 Lagrange street was agreeably surprised last night when a group of friends and relatives called at his home to congratulate him on the occasion of his birth-

day anniversary. The young man was made the recipient of numerous gifts, among which was a well filled purse. In the course of the evening refreshments were served and entertainment numbers were given by Miss Adella

Ouellette and Miss Corinne Guereffe of Nashua, N. H.; P. C. Champagne, P. Boucher, L. Guereffe, E. Champagne, Emile Marchand, Edras Gadoury, Miss Bertha Guereffe, Miss Lillian Corriveau and Emile St. Louis.

HOW IS YOUR APPETITE?

Loss of appetite, distress after eating, shortness of breath, a feeling of utter weakness—these are symptoms that are familiar to most sufferers from stomach trouble.

The tonic method of treating disorders of this kind does not aim to do the work of the stomach, does not demand that the food be predigested, but builds up the weakened organs, so that they can do the work that nature intended.

Dr. Williams' Pink Pills have corrected serious disorders of the stomach, have revitalized the nervous system and restored to health sufferers from severe disorders of the blood and nerves. For rheumatism, indigestion, nervous headache, and many forms of weakness and debility, Dr. Williams' Pink Pills are recommended even if ordinary remedies have been tried without relief.

Remember Dr. Williams' Pink Pills do not act on the bowels. They make new blood and restore shattered nerves. In this way they carry health and vigor to every organ and fibre of the body. They are sold by all dealers in medicine or will be sent, postpaid, on receipt of price, 60 cents per box by Dr. Williams' Medicine Co., Schenectady, N. Y. A copy of our valuable diet book will be mailed free on request.

Cheaper Bread for Lowell

Or at least most of the larger ones handling a heavy output of wholesale goods every day in the year, will make an immediate reduction of one cent a loaf from the wholesale price of large loaves and half a cent from the price of the smaller loaves.

It was reported this morning that Friend Brothers, Inc. bakeries, had headed the procession in reducing prices, and the report was found by The Sun to be correct. Manager Ernest W. Hayman of Friend's said the action of the big Boston wholesale concerns who cover the state with their express delivery and motor trucks, was not wholly responsible for the cut today in Lowell prices. The price of flour at wholesale has been lower for some time, although it receded and became fairly steady again, thus affecting the bakers but little. They received no especial benefits, they say, when the wholesale market fluctuated. They had a good deal of flour in stock at the time, and frequent manipulations of the market do not affect the average baker unless he is short on stocks.

The flour market today is much higher and stronger. It was said at Friend's, but the demand for bread during the past few weeks has greatly shortened. It is believed by leading bakers that the threatened railroad strike frightened a good many housewives, who at once "stocked up" with bread flour. For that reason, the big bakers believe, the demand for bread in the loaf at Lowell shops has greatly fallen off during the past two weeks. It is believed when the house-

wives use up their stocks of flour, the baking business will be livelier. Lowell "home bakeries" are selling bread at retail from 10 to 15 cents a loaf, according to size and weight of loaf. Retail prices vary greatly all over the city. The wholesale prices now lowered by the bakers, are about as follows:

A majority of bakers sell to the wholesale trade bread weighing 1½ pounds for 11 cents, standard weight. Loaves weighing but one pound sell for 11½ cents.

In Boston the price, beginning today, is such as to enable retail bakeries and stores to buy one-pound loaves for 7½ cents, large loaves for 11 cents and a dozen rolls for 14 cents. Although this cut may later extend to other goods, so far the reduction has been made on bread only.

The price of rolls in Lowell was not so low as to the very lowest possible price. Today's figures announced by Lowell shops "beat" the wholesale prices in Boston by several pennies.

For instance, you can buy a dozen Vienna, split, sandwich or frankfort rolls at wholesale here for 12 cents. The price in Boston is 14, wholesale.

Uncontested Divorce Cases

Continued
but withheld final disposition until Jan. 3, 1922. The case is the result of an injunction degree granted to Ms. M. Annie Roy, widow of John T. Roy, against the use of her husband's name by persons taking over his business after his death.

Mr. Roy conducted a furnishing store in this town and at the time of his death was judged insolvent. An administrator was appointed and the fixtures and the like sold. A concern

bought most of the business. Connected with this concern was Miss Isabelle Roy, an adopted child of Mr. and Mrs. Roy. The injunction was then granted restraining the successors from using the John T. Roy name in any way in business connection.

It was brought out that signs were removed and the John T. Roy name removed from boxes and other goods in the store. Later a corporation was formed known as the Brousseau, Pagan & Co. Mr. Brousseau was president, Mr. Pagan, vice-president and Miss Roy treasurer and manager. It is claimed this firm used the name of John T. Roy in violation of the superior court decree. The court found Brousseau and Pagan innocent of any wrong, inasmuch as Miss Roy wrote all the advertising matter.

The jury session with Judge Bishop on the bench is still trying the case of Angelika Pappazulu vs. Greek Orthodox community. This case began yesterday and will not finish today as the defense has about 25 witnesses to be heard. The plaintiff seeks to recover pay alleged due to her under agreement in an unexpired contract which stipulated she was to be principal of the Greek-American school for the 1920-21 term.

TALKED ON MACHINERY LAYOUT IN MILLS

A. W. Denolt, mill engineer connected with the C. T. Main Co. of Boston, addressed the Textile Engineering society which is made up of engineering students at the Lowell Textile school yesterday afternoon. The speaker's subject was "Machine Layouts for Woolen and Worsted Mills." The lecture, which is the first of a

series to be given this winter, proved both beneficial and interesting. Stress was laid upon the placing of machinery in respective departments so as to obtain the best sequence of operations and at the same time make good use of available floor space.

5000 Bales of Cotton Destroyed by Fire

FORT SMITH, Ark., Nov. 17.—Five thousand bales of cotton were destroyed by a fire at the Fort Smith Compress Co., plant here last night before it was brought under control at midnight. The company's plant was insured but 3000 bales of the cotton were owned by farmers who carried no insurance and suffered the greater part of the estimated \$500,000 loss.

Breaking Up Illicit Liquor Traffic

DETROIT, Nov. 17.—Prohibition Commissioner Roy A. Haynes concluded his series of conferences with Michigan and Canadian liquor officers here today with an expression of confidence that the illicit liquor traffic on the border was being broken up. Federal and Canadian officials made plans today for a drive against international run-runners through a closer check on shipments of whiskey to Canadian consignees posing as wholesale drug companies, who have permitted the liquor to fall into the hands of smugglers to be brought back to this country in large quantities.

MOVE TO END GARMENT WORKERS' STRIKE

NEW YORK, Nov. 17.—Conciliators of the state bureau of mediation and arbitration were seeking today a possible basis of compromise by which it might be possible to break the deadlock in the Garment Workers' strike involving approximately 60,000 men and women in the industry. A peace committee of 150 is being formed. It was stated, in the expectation that the various interests in-

volved may be induced to settle their differences before the busy spring season starts in January. The strikers were heartened by the announcement that employees of members of the Women's Garment Manufacturers' association in Philadelphia also had vowed to strike on Nov. 21 against restoration of the piece work system.

Move Child's Bowels with "California Fig Syrup"

Hurry, mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

JAPANESE DELEGATES FOR PUBLIC SESSIONS

WASHINGTON, Nov. 17.—(By the Associated Press)—As many public sessions as possible are desired by the Japanese in the discussion of Pacific and Far Eastern questions, members of the Japanese delegation declared yesterday. They added that the Japanese would welcome open discussion because they wanted the world to examine Japanese policies in the Orient.

It was intimated that Japan would like to adhere to her attitude voiced at Tokyo a few months ago that questions affecting particular states be left so far as possible to direct settlement between those states and that no efforts be made to discuss the past in connection with the general examination of the situation in the Orient.

Japan stood ready, it was insisted by her spokesmen, to admit her faults, but if the conference were to plunge into history, as to Japan or other powers, she feels it would prove endless and probably stir up ill feeling. Such an explanation, the Japanese point out, would logically include the conditions under which Great Britain occupied Hong Kong and Wei-Hai-Wei and France, Indo-China, not to mention the spheres of influence of those countries in the Yangtze valley and Yunnan province, respectively.

It was intimated yesterday that the Japanese are opposed to the idea of an international control of China, contending it would be a violation of the sovereignty of that country. China,

MOTORCYCLE DARE-DEVIL
J. Allen Smith is doing this to show visitors to the annual bike show in Chicago that manufacturers really need not put handlebars on motorcycles. And he's doing it on Michigan Boulevard.

the Japanese point out, has not yet accepted the financial consortium agreement under which the powers were jointly to loan money to the republic. Japan, it was said, could not make loans without guarantees, and was not disposed to enforce guarantees on China. This matter is believed to be closely connected with the thought of the powers ceasing all their national rivalries in China, and of acting in concert on all matters touching that country. The Chinese, the Japanese say, should be aided in bringing about a reform of the customs tariff and a unification of the currency system.

Japanese say they are willing to work for a real open door in China which would include all parts of that country, even Tibet and Mongolia, as well as Manchuria, in which Japan considers she has special interests. It appears desirable to the Japanese to fix some plan which would avoid conflict of interests, especially with the United States, at the same time insuring the territorial integrity and internal development of China. This may mean, in the opinion of responsible Japanese, a written understanding, although not an alliance, between the United States, Great Britain and Japan concerning the Far East, as a substitute for the Anglo-Japanese alliance. The hope prevails among Japanese statesmen that the United States government will not be adverse to such a practical outcome of the present conference.

ENTERTAINMENT BY PHILATHEA CLASS

"The Japanese Girl," a two-act operetta, was given by the Philathea class of the Chelmsford Street Baptist church in Colonial hall last evening, before a large and interested audience. The play was directed by Mrs. Hazel D. Thompson, assisted by Mrs. Jennie Bennett. During intermission candy and fancy articles were sold by Mrs. Elsie Streeter, Mrs. Ruth Balchelder and Mrs. Mattie Sanger.

The cast of the play was:
O. Hanu San Elizabeth Drumm

VERDICT FOR LOWELL MAN IN NASHUA

George Elliott, a roofer, of Chestnut street, this city, was awarded \$1000 by a jury in the superior court at Nashua, N. H., yesterday in a suit against J. L. Douglas, a Nashua roofing contractor. Elliott, with Albert Legris, of Nashua, fell from a stage on which they were working for the defendant on the Jackson company development. Faulty construction was alleged.

RECEPTION TO REV. AND MRS. KENNEDY

A grand reception by the members of the First Presbyterian church greeted Rev. and Mrs. James E. Kennedy on their return from their wedding trip last evening. The pastor and his recent bride were pleasantly surprised. In behalf of the congregation Mr. Thomas S. Lees, chairman of the arrangement committee, presented the pastor a purse of gold. The clergyman, in a few well chosen words thanked the members for their gift and expressed his sincere appreciation.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn. Instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Adv.

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poisons Start to Leave the System Within Twenty-four Hours

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pains, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless. Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, declares all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed every druggist and Fred Howard to guarantee it in every instance. Adv.

SIMPLE APPLICATION THAT DISSOLVES BLACKHEADS

No more squeezing and pinching to get rid of those ugly blackheads. There is one simple safe and sure way to get them out and that is to dissolve them. To do this just get about two ounces of calomite powder from your druggist—sprinkle a little on a hot, wet sponge—rub briskly over the blackheads for a few seconds, wash the parts and every blackhead will be gone.

Pinching and squeezing out blackheads make large pores and you cannot get rid of the blackheads out this way—while this simple application of calomite powder and water dissolves every particle of them and leaves the skin and pores in their natural condition. Any druggist will tell you the calomite powder and about two ounces will be all you will ever need. Adv.

MASS. BOYS STRANDED

Peniless, Foot-sore and Hungry Youths Arrive in N. Y.

From Jacksonville, Fla.

NEW YORK, Nov. 17.—Peniless, foot sore and hungry, two young men who gave their names as Bruce S. Morser, 18 years old, of Mattapan, Mass., and James J. Brennan, 18 years old, Charlestown, Mass., arrived here last night from Jacksonville, Fla., on foot, having walked and beaten their way from that point since Nov. 1.

The young men were sent to the Municipal Lodging house for the night. They told authorities that they left Boston Sept. 13, and hiked to Jacksonville after having made a wager that they could cover the distance on foot in 42 days. The wager was lost by 13 hours and according to the young men they were left in Jacksonville without funds.

Lloyd's Next Is Screen's Most Pretentious Comedy

HAROLD LLOYD, THE SAME OLD HAROLD, EVEN IF HE DOES WEAR A GOB'S UNIFORM IN "A SAILOR-MADE MAN."

BY JAMES W. DEAN

NEW YORK, Nov. 17.—Harold Lloyd's latest comedy, "A Sailor-Made Man," is the most pretentious comedy yet produced in America.

With immense settings and hundreds of players it takes on the appearance of a foreign spectacle film.

This comedy, like "The Kid," possesses continuity of action, carrying a story along with its funny business.

"The Kid" is a better comedy only because Chaplin possesses greater mimetic ability than Lloyd.

Lloyd appears as a wealthy youngster in love with a winsome flapper. Her dad tells him to get a job. He joins the navy.

Informed that his sweetheart is taking a trip around the world, he tries to resign. Any job will appreciate that situation.

Lloyd slips on a bar of soap. His fist connects with the jaw of the champion boxer of the fleet, knocking him out. That wins the admiration of a tough old sailor.

Going ashore in India Lloyd gets into trouble with eight natives. The tough old sailor tells Lloyd to attend to four of them while he takes care of the other four.

Lloyd retreats. The eight attack his companion. As the first four natives fall, Lloyd drags them one by one to his side of the street. When the tough has finished his eighth victim he gazes in wonder at Lloyd, peacefully sitting among his allotted victims. Then Lloyd asks, "What took you so long?"

The girl arrives at the Indian port. An exciting chase follows her kidnapping by natives. She is locked in a harem. The episodes that follow take place in the most beautiful sets that have been employed for any comedy.

Of course, Lloyd rescues the heroine. Then comes a clever fade-out. Lloyd is on the deck of his ship, the girl on her yacht. He grabs a newly painted sail.

With each kiss he blows to her he smudges his face. An officer appears. Embarrassed, Lloyd backs away, trips and sprawls upon the deck. But he doesn't care. He's in love. There's the fade-out.

That's more logical, more effective than the stereotyped old cliché with which most comedies end.

Pathé established a news reel record with pictures of the burial of the Unknown American Soldier. Pictures of the event were sent to New York by airplane and showed in Broadway theatres at 8 p. m. Nov. 11.

Prints were sent to Cleveland, Detroit, Chicago, Milwaukee, Kansas City, Omaha, Des Moines, Denver, Salt Lake City, San Francisco and Los Angeles by special mail planes.

The pictures were shown in Boston, Albany, Buffalo and Washington the day after the event. Most news reels run 60 to 100 feet. The prints of this event ran 163 feet.

Filming Bible Scenes: Raymond Wells, who is directing the filming of the bible for a California company, has gone to Mesopotamia to shoot some scenes. It is his intention to take a complete unit to Egypt next year to film incidents of biblical history in the original settings.

One Moment, Please: "Just Around the Corner," adapted from a Fannie Hurst story, has been completed.

Paul Irlbe, art director, will accompany Cecil DeMille on a two-month tour of Europe.

Universal is to issue a series of short reels based on the experiences of a newspaper reporter.

James Rennie, who is Dorothy Gish's husband, is to be starred in "The Dust Flower," a Basil King story.

Anita Stewart has started filming "The Woman He Married." She is supported by Shannon Day and Darrel Foss.

To gain the effect of triple exposures in some scenes of "Peter Ibbetson" it was necessary for Arthur Miller, cameraman, to run the film through the camera 21 times.

AMUSEMENT NOTES

By Theatres Own Press Agents

R. F. KEITH'S THEATRE

"The Love Game," as played at the R. F. Keith theatre, this week, by Harry Hayden & Co., is fraught with many strange possibilities. It is one to believe all that therein is. One can never tell just how it will turn out. Hayden in the leading juvenile role does some specially good work. Maid Powers and Vernon Wallace in "Georgia on Broadway," have a little bit of southern atmosphere, which gets over "big" at every performance. It is one of the choicest bits of the entire bill. "Revuettes," featuring Viola Russell and Edward Dunigan is a nifty piece of vaudeville, and the skating comedy of McLaughlin and Carson is one of the season's best. Then there are Madelon & Paula Miller, Raymond Wilbert, Bing & Grillo, and the "Unknown Soldier's Burial" pictures.

MERRIMACK SQUARE THEATRE

Wanda Hawley in "The Outside Woman" and "Quo Vadis," the noted George Klein production, are the feature attractions at the Merrimack Square theatre today.

RIALTO THEATRE

With the acquisition of two first class features to the already strong bill, the Rialto theatre bids fair to outbid all attendance records for the remainder of the week. "Man, Woman and Marriage" is commencing its fourth day of success and is flanked by Herbert Rawlinson in a detective story, "The Wakefield Case," a Larry Semon comedy, "The Bell Hop," and the Kinograms. Don't fail to see it.

OPERA HOUSE

"Over the Hills to the Poor House," the play for the week by the Lowell Players at the Opera House, is attracting capacity audiences at every performance, and deservedly so, for it is not only a well-told story, but the production is one of the best for seasons. Those who have witnessed it unhesitatingly proclaim it the best. A few seats are still available for the remaining performances. Order at once. Next week the presentation will be George M. Cohan's great musical comedy, "45 Minutes From Broadway." Don't miss it.

THE STRAND

Three picture features on the same bill at the Strand, Pauline Frederick, Miss Du Barry and last but not least Larry Semon in one of his comedies. See them all.

SHAUN O'FARRELL COMING

The coming to the Opera House next Sunday afternoon and evening of Shaun O'Farrell and his company of singers and entertainers in songs, stories and true facts about Erin should attract capacity audiences at both performances. Mr. O'Farrell is one of the newest Irish tenors to come from across the sea, and his efforts thus far have met with the enthusiastic approval of all. He will be accompanied by Katherine Sullivan, the "Song Bird of Erin," and John O'Nolan, the Wicklow piper. Motion pictures, recently suppressed by the British government, including those showing raids, the work of the black and tans, the conference and many other scenes illus-

trative of Ireland's Emancipation" will be shown. Tickets now selling. Order early and avoid disappointment.

"THE OLD NEST"

There is a combination almost impossible to surpass in "The Old Nest," a Goldwyn picture coming to the Crown theatre for two days, commencing tomorrow. The combination is this:

Rupert Hughes, known as the "human" author of the screen wrote it; Mary Alden, known as one of the finest "mother" actresses of the screen, plays in it, and Goldwyn's own special kiddies, who have delighted audiences in the popular Booth Tarkington series, make up the little family. Last but not least, Reginald Barker directed "The Old Nest."

OVERHEATED STOVE

The alarm from box 15 shortly before 6 o'clock last evening was for an overheated stove at 148 Cushing street. The damage was confined to the partition in the rear of the stove.

POST 165, G.A.R.

The nomination of officers was the principal business transacted at the regular meeting of Post 155, G.A.R., which was held last evening in its hall, central street. There was a large attendance at the meeting and considerable routine business was transacted.

FAIR BY WELLESLEY

COLLEGE ALUMNAE

A large crowd patronized the all-day fair conducted by the Wellesley college alumnae in Middlesex hall yesterday. The event was well planned and a very enjoyable time was had by all. Opening at 10:30 in the morning there was always something doing until closing time, 6 o'clock. Six tables, prettily decorated and arranged furnished an attractive appearance, while music by the high school mandolin club completed the meritment of the occasion. The chairman of the various tables and their assistants were:

Practical table, Miss Estelle Moore; children's table, Miss Helen Barnes; gift table, Miss Edith Erskine; candy table, Mrs. Seckins; food table, Mrs. Lewis A. MacFarlane; flower table, Mrs. P. S. Madden; sample table, Miss Elsie Bide; Luncheon and afternoon tea were served by Mrs. Larkin T. Tull and Mrs. MacFarlane and Miss Erskine.

STOLEN CAR BURNED

The touring car of Louis E. Studley, of 49 High street, Lowell, recently stolen here, was burned on the state highway in Lexington late Tuesday night, near the estate of William P.

Marlin according to reports that reached here today. The Lexington fire department was called out but the fire had a big start before the apparatus could reach the scene. Studley reported the theft of his machine to the local police several days ago.

Are You Squeezed in the Vise of Exhausted Nerve Force and Iron Starvation?

Physician Says These Twin Monsters Are Daily Dragging Thousands Into the Torture Chambers of Ill Health, Wrecking Their Lives and Making Them Financial Failures.

YOU are born with just so much nerve force and your body can manufacture only so much each twenty-four hours. If you use it up faster than it is made through overwork, late hours, worry, too much excitement, grief, nervous strain or other excesses, your nerve cells become depleted of this life-giving fluid, and you are dragged into the torture chamber of neurasthenia, with all its nerve-racking, agonizing pains and anguish.

Your whole nervous system becomes "on edge," so to speak, and the least little thing upsets you. You may have an almost constant aching pain in the back of the head or neck, or an extremely disagreeable feeling of fullness in the front or back part of the head, which in some cases gets so bad that you feel almost as if your head would burst; there may be spots of local tenderness on the spine, pains across the back, heart palpitation, great weakness from slight physical or mental exertion, or sleeplessness at night; and the patient often complains that his thoughts chase one another through his head with lightning-like rapidity. Some break into profuse perspiration and suffer from such great dehydrating weakness that they feel as if they were almost chained to the ground. Headaches and extreme nervousness are very frequent symptoms, and most persons are moody, irritable and easily depressed.

A physician formerly connected with a New York City Hospital says thousands of persons suffer from depleted nerve force and iron starvation of the blood without ever suspecting the real cause of their trouble, and that often their health, lives and success are completely undermined and wrecked before they find out what is the matter with them. In cases of nerve force exhaustion in which your nerve and brain cells are starving for want of a sufficient supply of nerve force or nerve-vital fluid it is worse than foolish to waste your time

taking mere stimulating medicines or narcotic drugs. Your nerve and brain cells must have bread to build flesh and tissue. For centuries science has searched for a nerve food. At last a remarkable product was brought to the attention of the Paris Academy of Medicine by a celebrated French physician which contained the principal chemical constituent of active living nerve force in a form which most resembles that in the brain and nerve cells of man. This remarkable product is today contained in Nuxated Iron so that you may now easily obtain what might almost be termed artificial nerve force.

Over four million people are using Nuxated Iron annually, and from the remarkably beneficial results which it has produced, the manufacturers feel so certain of its surprising efficacy that they guarantee satisfaction to every purchaser or they will refund your money. Beware of substitutes, look for the word "Nuxated" on every package. For sale by all druggists.

Boston Honors Lieut. Gen. Jacques

BOSTON, Nov. 17.—Plans for Boston's reception today of Lieut. Gen. Baron Jacques of Belgium, guest of the city and of the Massachusetts department of the American Legion, were simple in nature in accordance with his request. A welcoming committee of city, state and Legion officials was to greet him upon his arrival this afternoon and escort him to his hotel. Following calls upon Governor Cox and Mayor Peters, the general was to visit places of historical interest in Greater Boston and to visit the home of Larz Anderson, former United States ambassador to Belgium. In the evening the general was to be the guest of the city at an informal banquet at the Copley-Plaza hotel.

JAMES AND JOEL ARE 90—AND TWINS

JAMES CHEATWOOD—OR MAYBE IT'S JOEL.

JOEL CHEATWOOD—OR MAYBE IT'S JAMES.

By N.E.A. Service
LEAVENWORTH, Kan., Nov. 17.—If you ever meet James and Joel Cheatwood, twin-brother farmers of this neck of the woods?

"Well, this will introduce them to you—because folks simply can't tell them apart."

James is 90 years old, so's Joel. Joel has a flowing white beard, so's James. Both of 'em part their hair on the left side and flash a pair of blue eyes.

You can't get either one of the brothers to admit that they are old.

"I ain't no old man," says James—or maybe it's Joel. "I was born just a little sooner than younger folks—that's all."

"I can do as much work as any of these young sprouts around here," says Joel—or maybe it was James.

It's been nigh on to 50 years since the brothers settled down to farming, on farms a mile apart, near Leavenworth.

When either one of them makes the trip to town, as far as the townsfolk are concerned, it might be the other. When neighbors see them in their own back yards—well, even then it isn't safe to make a bet, 'cause James often calls on Joel and Joel often calls on James.

Interviewing the twins is a puzzle in itself. Looking directly at one of them, for instance, you ask:

"How did you come to keep so young, James, in spite of your 90 years?"

And the other one answers:

"Hard work! That's all there is to it. If I had retired like several of my friends did, I would have been dead years ago."

"Quitting one's life work to spend time at ease kills quickly. The way to live is to keep your interest in your farm, your business or whatever work you are following."

And then the other one, Joe—or maybe it's James—explains:

"Freedom from worry has been my chief aid in reaching a ripe old age. Just eat what you want in moderation. Don't read about and think about symptoms of sickness and you will stay well a lot longer."

Joel—or James—believes he and his brother are the oldest twins in the United States. And James—or Joel—adds, "I reckon so."

Both the twins are married. Joel—or maybe it's—no, it's Joel—has seven children. James hasn't any.

One of the brothers recently celebrated his 60th wedding anniversary. Neighbors aren't just sure which one it was.

Anyway, there isn't any question as to how they feel about how long they are going to live.

For both James and Joel—or Joel and James—reply:

"We'll live until we die, anyway."

And, for that long, it seems that the friends of the twin-brother farmers, won't be able to tell whether Joel is James or whether James is Joel.

LOVE TRAGEDY OF TWIN SISTERS REVEALED

GENEVA, Nov. 17.—The love tragedy of twin sisters who drew lots for death by poison became known in the Lunenburg courts when one of them was tried for murder. The girl was acquitted after she told her story.

The girls, daughters of a farmer named Goldstein, fell in love with a former Hungarian officer, who was unable to distinguish one girl from the other and courted both, thinking he was always with the one sister. The officer, when he realized the situation, asked the girls to decide which should marry him.

They solved the problem by preparing a glass of water and a glass of poison. They drew lots and the loser drank and died. When the surviving sister was arrested, the officer disappeared.

CONFER ON LIMITATION OF STRAP-HANGERS

NEW YORK, Nov. 17.—The conference for the limitation of strap-hangers—more formally the inquiry of the state transit commission seeking better subway, elevated and trolley service in New York—called in auditors of the traction lines today to present statistics on operating expenses for comparison with those obtained by the commission's staff of accountants.

The various lines had an aggregate deficit of \$17,000,000 last year, the commission learned, but it estimated that \$5,000,000 would be saved this year by wage reductions and \$1,250,000 by obtaining cheaper coal. Other savings are expected.

THREE BOSTON POLICE OFFICERS INDICTED

BOSTON, Nov. 17.—Three police officers, secretly indicted by the grand jury, were before Judge Irwin in the superior criminal court, yesterday, and were severally allowed to go on their own recognizance.

The officers are David Blair of Division 10, Ralph P. Lockwood of Division 5, and William Philbrook of Division 4.

Blair was indicted on a charge of perjury in having sworn in his application to the Civil Service commission for a position as a police officer that he was single, when as a matter of fact he was married.

He is also charged with keeping a disorderly house in Columbus avenue.

JESUITS HONOR MARSHAL FOCH

GEORGETOWN UNIVERSITY, Nov. 17.—Marshal Ferdinand Foch was presented with a gold sword, the gift of all the Jesuit institutions in the United States, and awarded the honorary degree of Doctor of Canon and Civil Law by Georgetown University at exercises held in his honor at the college yesterday afternoon.

Representatives of Jesuit institutions in the country and the provincials of the Jesuit order in the United States together with cabinet members, members of congress and ambassadors of foreign countries were among the large crowd in attendance. The directors of the university decided to award Marshal Foch the honorary degree because of "the wonderful spirit of supernatural faith which was always displayed by the marshal, particularly brilliant in a world darkened by materialism."

TALKS ON CIVIL SERVICE

President of Commission Discusses "Shocking Disclosures"

DETROIT, Nov. 17.—Insufficient appropriations to enable the civil service commission to investigate the moral character and record of persons is certified for government service is "probably responsible for even criminality and dishonesty" in the service, John H. Bartlett, president of the commission, declared in an address here yesterday, before the convention of the National Civil Service Reform League.

"On account of insufficient funds with which to make the undertaking," Mr. Bartlett told the convention, "the civil service commission is annually examining over 200,000 applicants for federal positions, and certifying those who attain a scholastic rating of 70 per cent and over, without making any examinations or investigations whatsoever of their moral character, criminal record, habits, reputation, industry, faithfulness, workfulness, veracity or loyalty. The 'rating,' the thing which determines their relative positions on the eligible register, does not take into account even a fraction of 1 per cent, the fact of good character, indifferent character, or bad character, but is wholly and purely scholastic."

Referring to what he described as the "recent shocking disclosures of

Adventures of The Twins

A NEW ERRAND

HE MOVES RIGHT INTO THE SHELL HIS VICTIM HAS VACATED

One day Nancy and Nick went out to hunt Mr. Hermit Crab for Cap'n Pen-winkle. Not that the fairy policeman cared where Mr. Hermit Crab was, but that he did care where Mr. Whelk and Mrs. Whelk and all the little Whelks weren't. For it's said to tell you, but true, my dears, that Mr. Crab loves to eat whelks. He really and truly eats them out of house and home, and when he has filled up his greedy tummy, he moves right into the shell his victims have just vacated. He selects the nicest, biggest, most comely whelk-shell he can find and crawls in and goes to sleep until his dinner is digested. At supper time he wakes up, sneaks out, finds another whelk family, and repeats the performance. Usually, there was danger of the whelks being exterminated. And that is what worried Cap'n Pen-winkle.

"You'll have to find Mr. Crab and criminally in the city of Washington, where at this time a policeman is held for the theft of an automobile," Mr. Bartlett declared the commission had determined on account of this, although there was no provision for it, to make character investigations and ratings henceforth in certifying applicants for the Washington police force.

The \$30,000 emphysema of the federal government are the "very protectors of our lives and the guardians of our property," the speaker asserted, yet with the recent exception of postmasters, they are certified for service "without regard to their character or moral record." The quality of these federal employees, he added, "automatically determines the quality of our government." Although the postal service was rapidly improving, Mr. Bartlett said, "hundreds of thousands worth of mail is stolen annually and many believe that much may be laid at the doors of the employees themselves."

Although the commission in his opinion had built up an "extremely creditable organization, considering the limitation of finances," Mr. Bartlett asserted it was laboring under the serious evil of having "about one-half of our employees borrowed from other departments," adding that it "could readily be seen how this cripples our control and betrays our identity as our work not only to supply the department with the best labor," he concluded, "but to speak with authority that they keep always within the law, the rules and the spirit of civil service. As an ardent admirer of the late Theodore Roosevelt, I am determined that the commission, where he once served and left lasting imprints of his strong character, shall continue to be the home of the 'square deal.'"

PICTURE EXHIBIT AT THE BON MARCHE

A water color painting exhibition in the spacious quarters of the Bon Marche art and picture department in Merrimack street under the personal supervision of George A. Macker, is open to the public. The exhibit tracing much attention Mr. Macker and the Bon Marche company desiring to give Lowell residents an opportunity to view high class water colors from the brushes of well known painters. It is entirely informal in every way, and there is none of the stiffness to be found in some art galleries where coloratura pictures are formally displayed. The gallery at the Bon Marche is notable for its unique setting, affording all visitors a splendid opportunity to view the water colors under the best lights.

The exhibition will be found on the third floor of the building, and the general public is cordially invited to view it. The exhibit will be found there all this week and possibly next week.

There are nearly 20 individual works by eight artists, a simple yet highly satisfying display of popular types of work. It was designed in the first place to appeal to people with a variety of tastes and is not an exhibit of the old masters in any sense of the word. There is a "modern" touch in every water color.

Among the artists represented are Harry A. Vincent, who designed the scenes in "The Garden of Allah," George Howell Gay, a painter of marines, F. Van Vreeland of Philadelphia; Louis E. Della, a noted aquarist; Horace Middleton of the British Royal Academy; George Flavelle, a painter of nature scenes, and C. F. Rising, specialist on marines.

Mr. Vincent's "At a Gloucester Wharf" valued at \$100, is one of the notable individual paintings. This painter is a frequent visitor to Holland and pictures the broader, brighter sides of Dutch rustic life and character. His windmill paintings are attractive.

The nature scenes depicted by

George Flavelle will appeal to all lovers of the outdoors. His autumn foliage subjects form a pretty group in the Bon Marche display.

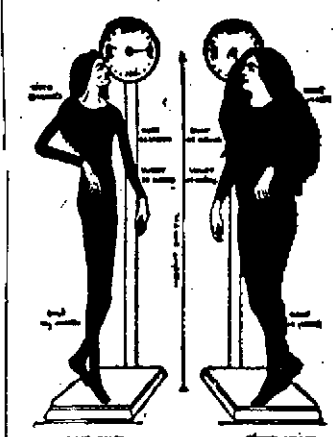

Moonlight scenes by Dellus present vivid and appealing contrasts of lights.

Rising is notable for his soft water colors in pastel. There is much material in his paintings that appeals strongly to those who like plenty of color.

The works of Gay, interpreter of sea and sea have a finished touch. The water paintings exhibited are realistic indeed.

Middleton displays a number of excellent outdoor scenes.

WOOD SAYS THERE IS TOO MUCH TALK OF WAR

MANILA, Nov. 11. (Delayed)—Territorial rains marked observance of Armistice day in Manila. Parades were abandoned and scheduled open air ceremonies were held indoors. Gov. Gen. Wood delivered several addresses. In one, to world war veterans, the governor declared, "There is too much talk about impending war."

"I know the sentiment in the United States," he said, "and I have traveled sufficiently in the Orient to be able to say the desire for war is as remote here as in the United States."

MATRIMONIAL

Mr. Joseph Lahey of 51 Fulton street, this city, and Miss Alma Canton of Forge Village were married yesterday afternoon at St. John's rectory, North Chelmsford, the ceremony being performed at 2 o'clock by Rev. John Linahan. The bride wore white satin with veil and carried bridal roses. She was attended by her sister, Miss Vena Canton, who was attired in pink georgette with hat to match and carried pink. The best man was Mr. John Lahey, a brother of the groom. At the close of the ceremony a reception was tendered the happy couple in the Abbot Worsted Co. mill in Forge Village. Mr. and Mrs. Lahey left later on a two weeks automobile honeymoon trip to New York and upon their return they will make their home in this city.

CHURCH ENTERTAINMENT

"The Village Post Office," a comedy sketch presented by the Lowell C. E. IN THE DISTRICT COURT

Three Months' Sentence for Dolphus Briere for Drunkenness—Other Cases

Testifying against her husband on a drunkenness charge before Judge Enright in the local district court today, Mrs. Dolphus Briere told the court she had put up with the defendant as long as she could and now regardless of promises would no longer have anything to do with him. Dolphus was given three months to the house of correction.

The woman had finished describing to the court, through an interpreter, a drinking party conducted by her husband in their home on Conditge street yesterday, at which Dolphus invited a number of women, several of whom, whose names were mentioned, were present. The witness wanted to ask his wife some questions, but the first one he put to her started a barrage of heated replies from the woman in her own language. She was immediately ordered off the stand. Officer Fleming told of being called to quell a disturbance at the house yesterday and of placing Briere under arrest for intoxication. It was his second similar offense, the police advised the court.

LAMPEN TOLD HE COULDN'T RECOVER

"MY FRIENDS WERE ALMOST STUNNED WITH ASTONISHMENT TO SEE ME ON THE STREET," HE SAYS

"Last May a year ago I was in such a bad fix I looked like my time for this world was about up. For 27 years I had suffered constantly with light and severe spells of rheumatism. For five months last year my wife had to wait on me all the time, for I was almost as helpless as a baby. I had stomach trouble, too, and could scarcely eat anything. I spent \$300 trying to get well, but I was told my case was hopeless.

"In October I commenced taking Tanlac and two weeks later I had gained ten pounds in weight and in exactly three weeks after I finished my first bottle of the medicine I was out picking apples at the farm. I had money. I had been able to earn in over five months. I was soon able to go up town, and my friends were almost stunned with astonishment to see me out again. I can do as hard a day's painting or paperhanging now as any man, and come home feeling just fine. The fact is, Tanlac has made me a perfect well and happy man, and my wife and I both think it is simply wonderful.

The above statement was made recently by Harry Lampen, 272 East Ave., Brockport, N. Y. At present Mr. Lampen is engaged in the painting and paperhanging business. He is widely known and his friends are everywhere.

Tanlac and Tanlac Vegetable Pills are sold in Lowell by Green's Drug store under the personal direction of a special Tanlac representative, Mr. Wright Drug Co., Haverhill, Mass.; D. Falls, Chelmsford, Mass.; Snow's Pharmacy, Concord, Mass., and by the leading druggist in every town.—Adv.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after-effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, fullness, and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.—Adv.

THANKSGIVING DAY PROCLAMATION ISSUED BY GOVERNOR COX

(Special to The Sun)
BOSTON, Nov. 17.—Governor Cox today issued the following proclamation for Thanksgiving Day:

COMMONWEALTH OF MASSACHUSETTS
By His Excellency Channing H. Cox, Governor.
A PROCLAMATION

During the year we have tried with a measure of success to commemorate worthily the three hundredth anniversary of the landing of the Pilgrims. We have frequently turned to Plymouth in an endeavor to visualize the little company of sturdy men and women who there laid the foundations of a new civilization. Over and over again we have read the story of their struggle against adversity. How they suffered in body and mind through that first year in the wilderness! But after the winter came the pleasant summer. They tilled the land and their labor was rewarded for they harvested plentiful crops. There was rejoicing. A day was set apart that the people with grateful hearts might feast and return thanks to their Heavenly Father for the manifold gifts He had bestowed. They were the better men and women for doing so.

Now, therefore, in appreciation of the numerous blessings which have been ours through the past year, in accordance with the custom of my predecessors who have counted it an honor to follow where Governor Bradford led, and with the advice and consent of the Council, I, Channing H. Cox, Governor of the Commonwealth of Massachusetts, appoint Thursday, the twenty-fourth day of November, as a day of

THANKSGIVING AND PRAISE
On that day let us find an adequate cause for thanksgiving. Every citizen of Massachusetts, because he is such, has some cause for rejoicing.

On that day let us recall with gratitude that recently the people of one fair section of the Commonwealth, although deeply stirred by the report of the foulest of crimes, evidenced by their restraint their faith in the orderly process of law as administered in Massachusetts. Let us return thanks that our people desire to give their children the benefits of education and that never before have so many sought admission to our institutions of higher learning. Let there be rejoicing that theft is held as a virtue and practiced, that the amount saved in small sums is unusually large this year, and that sixty-seven out of each one hundred of our population have savings accounts. There is reason for thanksgiving in the strong support given to worthy causes, in the increasing understanding that citizenship imposes duties as well as confers privileges, and in the realization that the opportunities now are as equal and offer as great rewards to those who strive for and deserve them as in any day or generation of the past. Let there be praise of the manifest desire of the people to end wars and to live in peace with all mankind. Let this be a day of joy for fathers and mothers. Let sons and daughters return to their homes, and there at the family hearthstone let all delight and let none be ashamed to pray for our Commonwealth, our Country, and for the true happiness of God's children throughout the world.

Given at the Executive Chamber in Boston this sixteenth day of November, in the year of Our Lord one thousand nine hundred and twenty-one, and of the Independence of the United States of America the one hundred and forty-sixth.

By His Excellency the Governor,
FREDERICK W. COOK,
Secretary of the Commonwealth.
GOD SAVE THE COMMONWEALTH OF MASSACHUSETTS.

This was the tone of the drunkenness case before the justice today.

Ovella R. Bourgeois, charged with non-support, started to drink the very day after his probation period expired. His wife testified. She has received no support from him since Sept. 1, she said. The defendant appeared in a highly nervous condition and the court advised the case continued to Nov. 26, to permit improvement in his health. The judge, addressing Bourgeois, stated the accused had been a good worker and had behaved well for a time and was surprised to see him in his present state at this time.

ANNUAL COSTUME PARTY

Pretty Event by Chalfoux Company Employees' Mutual Benefit Association

Pretty costumes, tasteful decorations and a crowd of young people in festive mood made the annual costume party a paradise of joy and pleasure when about 600 merry-makers assembled there last night for the third annual costume party and danced by the Chalfoux Co. Employees' Mutual Benefit Association.

EDWARD J. O'NEILL

JOHN J. GILLEY
General Manager

Although there may have been a greater number of costumes at the previous parties, a goodly number were displayed last night, and any lack of numbers was fully atoned for by their beauty and variety.

The character march, always the main feature of these parties, came at 9 o'clock. Among the costumes worn in the march every color scheme imaginable was carried out to perfection and the typical garb of nearly all the world's nations was exemplified. The judges, Miss Mae Bradley, Bernard Horan and Robert Douglas, were confronted by a difficult task in selecting the prize winners, but they finally agreed on the following: Prettiest ladies, a butterfly girl, Miss Adrian Smith; second, a popcorn girl, Miss Alphonse Chenette; men's, first prize, Buster Brown; Miss Catherine McCann; second, Italian organ grinder, Frank Barrett. The selections met with general approval.

The hall was prettily decorated with black and yellow, alternating folds of these colors hanging from the balconies, and Japanese lanterns hung at intervals, harmonizing perfectly with a background of red and white lattice work. A cozy corner, richly adorned and lighted for the guests of honor, was provided for the guests of honor. A tasteful arrangement of lattice work and palms decorated the stage. The decorations were supervised by Albert Johnson and Joseph Martin of the Chalfoux company.

Mayor and Mrs. Perry D. Thompson

and Mr. and Mrs. Louis E. Studley were among the guests of honor.

After and preceding the character march a splendid dancing program was provided. The officers in charge of the party, to whose work the credit is due for its success, were as follows: General manager, John J. Gilley; as-

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching
Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Menthosulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Menthosulphur brings. Even here, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.—Adv.

Healing Cream Stops Catarrh

Clogged Air Passages Open at Once—Nose and Throat Clear.

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ-destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief. How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hacking or sniffling. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.—Adv.

PRINCESS MARIE TO WED KING BORIS

The newest matrimonial rumor about Princess Marie, second daughter of Queen Maria of Rumania, is that she is to become the bride of King Boris of Bulgaria. But there have been so many rumors about her matrimonial affairs that one can hardly tell.

Indigestion or Sour, Gassy Stomach

"Pape's Diapepsin" gives Relief in Five Minutes

"Pape's Diapepsin" relieves stomach distress in five minutes. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief, its harmlessness, its certain unfailing action in regulating sick, sour, gassy stomachs. Keep this perfect stomach doctor in your home—keep it handy—get a large 50c case from any drug store, and then if you should eat something which doesn't agree with you, if what you eat lies like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all indigestion vanishes. It is the most efficient antacid known—the certainty and ease with which it overcomes stomach and digestive disorders is a revelation to those who try it.—Adv.

James E. Donnelly Mayor

In asking the support of the citizens of Lowell of my candidacy for Mayor, my hope for their indorsement is based principally upon the service which I have rendered them in public office, as well as my record for honesty, integrity, and the fulfillment of every obligation which I have ever made in acting as a public official of this city.

The success which I have attained in politics has been founded upon the continued support of my fellow citizens from all classes and walks of life without the exaction of promises or obligations by them which would in any way embarrass me in fulfilling the duties of public office.

The support of the people has been generously given. In return I have endeavored at all times to merit the confidence by strict application to the needs and requirements of my public duties.

TEXTILE TEAM TO PLAY IN VERMONT SATURDAY

The Lowell Textile football team plays the strong Middlebury college football team Saturday afternoon at Middlebury, Vt. It goes without saying that a hard game is in store for the Textile gridiron heroes as the team that represents Middlebury is one of the strongest that the Green Mountain institution has ever turned out. Among the opponents that the Vermonters have faced are Harvard and the University of Vermont. In each case, though defeated, they gave good accounts of themselves.

The Textile team under the able coaching of Coach Beckett has come along strong in the past few weeks and started on a winning streak. The Textile team has been slow in getting into winning shape this year but has at last struck its proper gait and intends to give Middlebury a terrific battle. At the start of the year Coach Beckett was handicapped by the lack of material but gradually succeeded in inducing the men to come out for the team. In the last few games the team has come along by leaps and bounds and has shown the results of the work of Coach Beckett.

In Captain Ray Walker and Helme Macher the local team has two of the best backs that ever graced the Textile sangles. These two men are good enough for any team. Lombard at center is also a star of the first year and in the two years that he has played at Textile has failed to meet his match. He is the defensive bulwark of the Textile team. Coach Beckett has brought out some new plays this week and expects to win through the heavy Middlebury by means of these trick plays. Win or lose, the Textile team is sure to give the Middlebury team a stiff argument in the game Saturday.

Take Evans Triple Phosphates With Meals Gain Several Pounds of Solid Stay-There Flesh

In one month's time EVANS' TRIPLE PHOSPHATES puts on several pounds of solid red blooded flesh and changes your weak, run-down, nervous, tired body into a strong, vigorous, robust one or money back.

Of course medical men are surprised and many are still unbelievers, but the fact is evident to every up-to-date pharmacist that Evans' Triple Phosphates will produce flesh without violent methods, face creams, daily massage or beauty torture.

In order to assimilate the nourishing food this people daily take for the body and turn it into healthy, red blood corpuscles, the nerves that control the process of digestion and assimilation must be put in first-class condition.

Even though Evans' Triple Phosphates work wonders in all cases of nervous, digestive and blood troubles don't take it unless you really desire to put on flesh, gain weight.—Adv.

THE MAYOR'S POWER

The approach of the municipal election has brought up discussion of the new charter and the executive power vested in the mayor. It is true that the mayor will have the power of appointing the heads of departments with the exception of those departments to be placed under control of the board of public service. These are the street and water departments. The city clerk, city treasurer and auditor shall be elected by a majority vote of the city council without nomination by the mayor. The heads of other departments and members of boards and commissions, with the exception of the city solicitor, will be nominated by the mayor subject to confirmation by the council. The mayor has absolute power to appoint and remove the city solicitor at will. The mayor will have supervision over the work of the departments and can suspend the head of any department subject to the approval of the city council. The council by a two-thirds vote can relegate the official suspended by the mayor and by the same vote it can remove for cause any head of a department over the mayor's veto. It is, therefore, very evident that while the mayor has considerable power, he is not the supreme power under the new charter. That power rests in the city council, the legislative body representing the people.

The mayor will be required to sign all contracts for labor and supplies or for any other purpose, although the contracts may have to do with the business of various departments with which the mayor has nothing directly to do except as the general executive officer of the city. He will have to act very much in the capacity of a city manager, but an important part of his duty will be to see that the departments are properly conducted as the responsibility for the general direction of municipal affairs will rest very largely upon his shoulders.

It appears, therefore, that the mayor of the city under the new charter will be a very important functionary. So emphatically is this true, that it behooves the citizens of Lowell to select none but a man who is big enough for the job, a man who is honest and whose record is a guarantee that the business of the city will be conducted strictly on progressive business principles and with due regard to the rights and interests of all the people.

FOR GOOD ROADS

The federal government is making good use of its money in putting \$75,000,000 into state highways during the coming season and \$15,000,000 into highways through the national forests. This good roads movement was started some time ago or as early as 1917, when funds were apportioned to the various states under the Federal Aid Road act and amendments thereto.

A LEGAL SCANDAL

Not perhaps in the last quarter of a century has there been such a legal scandal as the indictment of the attorney general and a judge of the supreme court of this state. This is the outcome of proceedings brought by the attorney general against District Attorney Pelletier and others; and while it may illustrate anew that old maxim that it is somewhat hazardous for people in glass houses to throw stones at their neighbors, yet in accordance with the fundamental principle of American jurisprudence every accused man is presumed to be innocent until proven guilty. Hence we shall await the trial before reaching conclusions as to the guilt or innocence of the defendants.

It appears, however, that District Attorney Pelletier is not very much afraid of the charges brought against him by the attorney general for disbarment. He has already got some of his accessories and he may get others before the battle is over. Pelletier is certainly a courageous fighter.

REFUNDING THE LOANS

Rep. Fear of Wisconsin, like Senator Walsh in the upper branch of congress, made a vigorous fight in favor of refunding the American war loans to Europe and against having the work done by one man, Secretary Mellon or whoever might fill his place. The disposal of eleven billion dollars is a responsibility that is too big for any one man. Moreover, where the interests of the people are involved to such an extent, it is but right that the business should be placed in the hands of a competent and patriotic commission.

SEEN AND HEARD

Strangely enough, sparking on all street railway lines is allowable when the ice storms break.

What's the difference after all? Sunshine in the alley before prohibition—now it's incongruous!

The folk ones took all right, of course, but about this time the woolens are warmer.

Don't be surprised if you see a man "all lit up" nowadays. He may have been looking at some of the "folly" pictures in the new penny movie weeklies that are swamping the newsstands.

Since Main streets have been so much in the public eye of late, Keene, N. H., has come forth with a claim that no yet has not been disputed. Keene boasts the widest paved Main street in the country, 135 feet from curb to curb.

While thousands of men over the country are looking for a job, Frank Smith of Owensville, Ind., has too many jobs for one man. He is town marshal, fire chief, street commissioner, health officer, curfew ranger, mailman and expressman. Five of the jobs are his by virtue of the law.

The Unbearable Scot

Whenever the Americans try their boasting against a Scotsman they are at once hard pressed to get the best of the cross-talk. A Scotsman and an American were talking one day on a ship. "In New York," said the American, "we've certainly got a fine lot of young men!" "Aye doot," said the Scotsman. "A lot of laddies have been emigrating lately." The American frowned and thought a while. Then he said in a sarcastic voice: "George Washington was no Scotsman and George Washington could not tell a lie!" "Oo, ay," the Scot retorted. "A Scotsman could, but he wouldn't."

He Didn't Find It

A policeman was leading a child along a street in the direction of the police station. On the pavement stood a middle-aged, motherly looking woman, who gazed at the pair with interest. As they passed she held up her hands in astonishment and exclaimed: "Eh, the pair, half-starved wee thing! It looks as if it hadn't gotten a decent meal for a week, nor been properly washed for a fortnight. Some folks canna bring up dogs, let alone weans! Whaur did ye fin' it?" The policeman retorted angrily: "Whaur did I fin' it? Dash your impudence, woman, the wean isna lost at all; it's a ain ba'rin'!"

A Loving Husband

The wife of a great botanist beamed at him across the supper table. "But these," she exclaimed, pointing to the dish of mushrooms that had been set before her, "are not all for me, Aristotle, are they?" "Yes, Mabel," he nodded. "I gathered them especially for you with my own hands." She beamed upon him gratefully. What a dear, unselfish old husband he was! In five minutes she had demolished the lot. At breakfast next morning he greeted her anxiously. "Sleep all right?" he inquired. "Splendidly," she smiled. "Not sick at all—no pain?" he pressed. "Why, of course, not, Aristotle," she responded. "Hurrah, then!" he exclaimed. "I have discovered another species of mushroom that isn't poisonous!"

The Singing in God's Acre

Out yonder in the moonlight, wherein God's Acre lies, Go angels walking to and fro, singing their wailing dirges.

Their radiant wings are folded, and their eyes are bended low, As they sing among the beds whereon the flowers delight to grow— "Sleep, oh, sleep!"

The Shepherd guardeth his sheep, Fast speedeth the night away, Soon cometh the glorious day; Sleep, weary ones, while ye may, Sleep, oh, sleep!"

The flowers within God's Acre see that fair and wondrous sight, And hear the angels singing to the strains of their dirges along; And, throughout the hours of day those gentle flowers prolong the music of the angels in that tender slumber song— "Sleep, oh, sleep!"

The Shepherd loveth his sheep, He that guardeth his flock the best hath folded them to his loving breast; So sleep ye now and take your rest, "Sleep, oh, sleep!"

From angel and from flower the years have learned that soothing song, And with its heavenly music, swift the days and nights along; So through all time, whose flight the Shepherd's vigil glorify, God's Acre slumbereth in the grace of that sweet lullaby— "Sleep, oh, sleep!"

The Shepherd loveth his sheep, Fast speedeth the night away, Soon cometh the glorious day; Sleep, weary ones, while ye may, Sleep, oh, sleep!"

Berton Braley's Daily Poem

TURN ON THE CALCIUM

LET in the light! Let the doors be open! The veil of secrecy must be rent, Or "news" will be but a fog to grope in, Let in the light, there's a whole world dreaming Of burdens lightened, of peace secure; Have done, have done with the whispered scheming Which leads to ills that we may not cure.

LET in the light; let the work be fashioned So all things done may be understood; The world cries out in a voice impassioned, "Let in the light, for the light is good!" By secret meetings and plotting quiet The woes we suffer were brought about; Let in the light! Shall we fail to try it And plunge once more into fear and doubt?

THE light is good—and no man will fear it Whose aims are honest, whose plans are fair; Only the plotters, the mean of spirit, Will shrink from under the vivid glare; These are the days that shall tell us whether Our future fortune be weal or woe; The nations' rulers are met together, Let in the light that the world may KNOW! (Copyright 1920, The Lowell Sun.)

sumers of the country will compel the adoption of one of the latter two courses. Mr. Thompson asserted that the industry can be brought to see the wisdom of falling in line with the protection of cost information.

"If business would have freedom from government intervention," Mr. Thompson declared, "then it must subject itself to a reasonable requirement. It must do as business men of other governments have done."

COL. GILBERT DENIES HANGING CHARGES

OMAHA, Neb., Nov. 17.—Charges of unwarranted hangings of American soldiers overseas, made in the United States senate by Senator Watson of Georgia, were denied here today by Col. William O. Gilbert, who had charge of draft, dismissal and preliminary cases at A.E.F. headquarters at Chaumont, France.

"There is not one word of truth in the tales of these executions," Col. Gilbert was quoted as saying, adding that the death penalty was not inflicted except for murder and criminal assault. "Not one man was executed for military offenses. There was no man more careful to see that a soldier was not

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any house-cleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—MRS. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

"About three years ago, I began to suffer with indigestion. Food soured in my stomach, causing me to belch; and I had terrible heart burn.

I was knocked out and good for nothing, when I read about "Fruit-a-lives" and sent for a box. To my surprise and gladness, I noticed improvement and I continued the use of "Fruit-a-lives" or "Fruit Laxo Tablets" with the result that a dozen boxes made me feel like a new person".

Simultaneously he joined, in behalf of the union, in an application of 16 distributing companies for continuance of an injunction issued by Supreme Court Justice Kapper in Brooklyn, restraining the strikers from committing any acts of violence. A similar injunction affecting the Bronx was issued yesterday by Justice Guy.

Mr. Johnson, appearing before Justice Kapper, asked that the Brooklyn order be altered to make it less sweeping and to eliminate any suggestion that members or officials of the union were in conspiracy in restraint of trade as alleged by the distributors. Justice Kapper took the matter under advisement.

Later, at his office Mr. Johnson announced that his statement regarding the union's efforts to bring about criminal prosecutions of the distributing companies had brought representatives of three of the companies to his office, seeking information as to how far he planned to go.

Asked if any of the three had made peace overtures toward the union, he said he "could not violate a confidence," adding that the steps he had taken could not be retraced as they had been made a matter of court record.

HARVARD DRAMATIC CLUB COMING HERE

The Lowell Radcliffe club is bringing the Harvard Dramatic club to this city on Saturday evening, Dec. 3. Great interest is being displayed as this is the first appearance of that famous organization in Lowell. The single performance will be given at the Colonial theatre, Odd Fellows building. Two plays will be presented on the same evening, each a one-act masterpiece. The Harvard club will continue its policy of offering plays by noted foreign authors not previously presented in this country. The plays to be given on Dec. 3 will be "The Victims of Cremona" by Francois Coppee, and "The Witcher Mountain" from the Spanish of Julio Sanchez Gardel.

The first of these is a charming sketch of life in northern Italy in the eighteenth century, and has been presented repeatedly by the Comedie Francaise of Paris. In the English version to be presented here, the club has been ably assisted by some members of the Comedie Francaise now residing in this country. "The Witcher Mountain" is one of the best of the so-called "outlaw" plays, and is a characteristic expression of life in the Argentine, presenting in a vivid manner the elemental emotions and impulsive temperament of the country. The scene is laid in a mountain ranch in the Andes, and the action is fast and powerful, working up to a tremendous climax. This production is of special interest, since it will be the first time with the exception of the recently filmed "Four Horsemen of the Apoca-

INVESTIGATE BOMB PLOT AT LACONIA

LACONIA, N. H., Nov. 17.—Under the direction of County Solicitor Thomas P. Cheney and City Marshal Charles A. Harvell, officers of the Laconia police department and men from a private detective agency in Boston have been at work all day securing evidence in the case of the bomb found in shop No. 10 at the plant of the Laconia Car company here.

The bomb was found late in the afternoon of Thursday, Nov. 10, in the locker of a Bulgarian whose name is given as Joseph Christoff, by a fellow workman known by the name of Charles.

The bomb was a crude affair made of an old oil can and contained a quantity of dynamite together with

lype" that any play of Argentine life has been presented in this country.

The production is to be given as part of the contribution of the Lowell Radcliffe club to the endowment fund now being raised all over the country in the interest of Radcliffe college.

The committee in charge is as follows: Miss Frances Masterson, chairman; Miss Mary Breed, Miss Louise Jenkins, Mrs. R. S. Prouzner, Miss H. Chas. Woodworth, Mrs. Cyrus Woodman.

AMERICANS FEED 300,000 CHILDREN IN RUSSIA

RIGA, Nov. 17.—(By the Associated Press.)—Ex-Gov. Goodrich of Indiana, who went to Russia two months ago as a special investigator for Herbert Hoover, chairman of the American relief administration, has been recalled by cable and asked to return to America to report immediately to Mr. Hoover concerning the latest Russian famine conditions.

Mr. Goodrich arrived at Riga yesterday on his way to England, where he expects to sail on the steamship George Washington November 30. He said yesterday the Russian relief officials everywhere were assisting the relief administration and that what few small obstacles did exist were due to unintentional inefficiency.

Walter Lyman Brown, European director of the relief administration, is due to arrive at Riga from London next Wednesday to confer with Col. William N. Haskell, the Russian director, who is due here from Moscow on Saturday, regarding the problems of extending the scope of the famine relief.

After four months of work, the Am-

ericans are actually feeding only about 300,000 children, and the winter transport problems promise to increase the difficulty of reaching 1,000,000 hungry children, as originally planned. It is considered possible that Dr. Brown, himself, may go to Moscow to look over the situation.

Recall Denied

WASHINGTON, Nov. 17.—(By the Associated Press.)—The return of ex-Governor Goodrich of Indiana to this country was taken by commerce department officials last night to mean that he had completed an investigation of famine conditions in Russia, undertaken for Secretary Hoover. Mr. Goodrich, officials said, was not recalled by Mr. Hoover.

DAVIS ATTACKS PRICE BOOSTERS

WASHINGTON, Nov. 17.—Eggs, Secretary of Labor Davis said yesterday, are "going sky-high and likewise turkey." These two commodities, contrary to the general trend of food-stuff prices, are being boosted prior to holiday demands, Mr. Davis asserted.

"By the cupidty and short-sightedness of the storage warehouse people,"

"When the warehouse people get all the eggs gathered in, they jack up the price till nobody can buy but the rich," Secretary Davis declared. "Then in the spring they have nothing on their hands but old storage eggs that they are obliged to sell at cost."

Commissioner of Labor Statistics Stewart tells me further that Thanksgiving turkey in Washington may go up to 75 cents a pound. I know for my part if turkeys go to 75 cents I'll eat corned beef and cabbage for my Thanksgiving dinner.

Doctor at 82 Finds Mothers Prefer His Formula to New-Fangled Salts And Coal Tar Remedies for Babies

Judgment of 1892 vindicated by world's approval of Dr. Caldwell's Syrup Pepsin, a simple vegetable compound for constipation—So safe thousands give it to babies in arms—Now has largest sale in the world.

WHEN a man is in the 83rd year of his age, as I am, there are certain things he has learned that only time can teach him. The basis of treating sickness has not changed since I left Medical College in 1876, nor since I placed on the market the laxative prescription I had used in my practice, known to druggists and the public since 1882, as Dr. Caldwell's Syrup Pepsin.

From a recent portrait of
DR. W. B. CALDWELL
Founder of Dr. Caldwell's Syrup Pepsin
Born Shelbyville, Mo., 1839

Then the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of my Dr. Caldwell's Syrup Pepsin, which is a combination of Egyptian Senna and other mild laxative herbs with pepsin.

Recently new medicines have been brought out for constipation that contain calomel, which is mercury, salts of various kinds, minerals, and coal tar. These are all drastic purges, many of them dangerous, and the medical profession

is warning the public against them. Certain coal tar products will depress the heart; certain salts give rise to intestinal poisoning, impaction and rupture of the intestines. If grown peo-

ple want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with pills and powders and strong drugs, even if disguised in candy? My remedy, too, costs less than most others, only about a cent a dose. A bottle such as you can find in any drug store, will last a family several months, and all can use it. It is good for the babe in arms because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal.

The formula of Dr. Caldwell's Syrup Pepsin is on the cover of every bottle, and the ingredients have the endorsement of the U. S. Pharmacopoeia.

**\$10,000 Worth of
Syrup Pepsin Free**

In remembrance of my 83rd birthday I have set aside the sum of Ten Thousand Dollars to be given away in half-ounce bottles of my Syrup Pepsin. Only one Free Trial bottle to a family. All are constipated now and then, and here is an opportunity for you and others to try Dr. Caldwell's Syrup Pepsin FREE OF CHARGE. Ask for your free bottle today, simply sending name and address to Dr. W. B. Caldwell, 514 Washington St., Monticello, Ill. Do not postpone this.

"Bayer" on Genuine Aspirin—say "Bayer"

Warning! Unless you see the name "Bayer" on the package or on tablets you are not getting genuine Aspirin prescribed by physicians for 21 years and proved safe by millions. NEW REGULATIONS FOR STATE ARMORIES

Massachusetts state armories are to be used no longer by irresponsible and unworthy organizations, or by individuals who have in the past in some cities acquired use of the buildings ostensibly for charitable purposes only to reap monetary profits obtained in an illegal way and directly contrary to the laws of the state governing the control and usage of military buildings and quarters.

The Lowell chamber of commerce received today from the adjutant-general's office, state house, a lengthy statement in which past abuses were reviewed and plans announced for future control and use of the armories. There are numerous regulations at the present time covering the public use of national guard quarters, but these are to be amended and safeguarded without delay.

So far as known, there has never been any complaints received at the state house from the use of Lowell armories. In recent years, at least, outside organizations have rarely tried to secure the military barracks for private social events. Dances or other social assemblies have generally been conducted by the local military organizations and not by "outside" individuals. But in some other cities of the state, the adjutant-general reports, the use of the armories has been badly abused. And right inspection of all future permits for the use of armory halls and banquet rooms will be made after this.

General Secretary Edward G. Stacy, of the Massachusetts state chamber of commerce is keeping in touch with cities where armories are located. Any arrangement made by the adjutant-general of course, will be live up to at the Lowell armories, which have always had a good record in conducting entertainments only for the actual benefit of the military organizations running them. No outsiders have been allowed to come in and work on any military plea without being thoroughly questioned and their management investigated.

The state authorities are opposed to the holding of any more automobile shows and industrial exhibits in the armories. The buildings have in many cases where such exhibits have been held, suffered heavy damage and floors have been weakened. Admission fees have been charged, which is directly against the military provisions for the use of armories. The construction of the armories is not adapted to their being used for displays of heavy exhibits. Floors have been injured by oil and walls damaged by the driving of nails. Many persons obtaining use of the armories upon some pretext, directly camouflaged their plans and held the military authorities up to ridicule.

The adjutant-general says the use of armories will be granted to all public meetings of creditable management, to betterment organizations and nonsectarian charitable institutions, also to police and firemen's meetings and dances for town meetings in the smaller districts of the state, or for students' meetings and meetings of other military bodies.

Firm British Note to Soviet Government

LONDON, Nov. 16.—(By the Associated Press)—The British government it was announced today has handed the soviet government at Moscow a firmly worded note denying the allegations of Foreign Minister Chicherin that the British evidence of hostile Bolshevik propaganda in Central Asia and Afghanistan was founded on forged documents, German or otherwise. The note declares that in the soviet of Sept. 26, no attempt was made to answer the very serious charges of Russian hostile propaganda in Persia, Afghanistan or Central Asia.

Consider Charge of Covenant Breaking

PARIS, Nov. 16.—(By the Associated Press)—The council of the League of Nations met here this afternoon to consider the first accusation of covenant breaking since the league came into force. The case was that of Jugo-Slavia, whose troops have been charged by the British government with invading the territory of another league member—Albania.

Captured Bandit is Escaped Convict

PHOENIX, Ariz., Nov. 16.—A bandit captured here last night at the Santa Fe station after an attempt to rob a mail car, was identified by finger prints today as Roy Gardner, who recently escaped from the federal penitentiary at McNeil's Island. According to the police, Gardner admitted his identity. He was overpowered by the mail clerk, as he held a revolver at the clerk's breast.

EXPRESS BUSINESS IS GROWING HERE

Another indication that business as a whole, throughout the country, is picking up, may be gained from the fact that Charles P. Langley, agent of the American Express in Lowell, reports the express traffic is getting heavier. As a rule, the express business acts as sort of a barometer for business. If business is good, express traffic is heavy; if business is poor, traffic is light.

Mr. Langley told The Sun he had noticed a decided picking up of his business. The traffic at the present time is not so heavy but what it can be handled properly, but it is greater than it was a year ago this time. He attributes this to the recovery of the country from the slump it experienced after the war.

In his business, Mr. Langley comes in contact with all classes of people and is in a fair position to know just what is going on and how different things affect the country. He is of the opinion labor will have to come down quite a bit before business conditions will adjust themselves to a pre-war basis.

Right now, the express business is expected to suffer a little from the strike called by the cloth cutters in New York. Materials will not be shipped under striking conditions, that is, by wholesalers to retailers. This is only an example, as all strikes have a tendency to slow up the transportation of materials. The agent's advice again this year to the public is to ship early for Christmas delivery. All foreign stuff should be shipped within a few days if deliveries are desired for Christmas. Much stuff is being shipped to Poland out of Lowell, a large consignment leaving here yesterday. The company does not receive stuff consigned to Russia or any portion of

the Bolshevik area. Goods to certain other places may be shipped but at the risk of the shipper who has to sign a release blank.

After the Thanksgiving holiday, the Christmas stuff will start to come in on the company. It is imperative this should be sent as early as possible to avoid piling up in the final few days. The resources of the local company are limited in the matter of trucks, horses and autos, and if the shipments pile in during the final days of the Christmas season, much of it may not be delivered on time.

Mr. Langley said the public has become educated in the matter of sending stuff early and conditions around Christmas of late are much better than they used to be. He attributes this fact to the co-operation of the newspapers and store keepers who have urged early buying. Therefore, he is not looking for a last minute rush this season, but will be prepared as far as is possible, in event of such an occurrence.

REAL ESTATE FOR SALE

An illustration of a two-story house with a chimney and a sign on the front that reads "MORTGAGE". The house is surrounded by trees and a fence.

**THE MORTGAGE
IN YOUR HOUSE**

is figured to come off some day; and then the home is yours. Rent is a mortgage that never comes off. You could pay rent for 50 years and never own a single brick of the structure.
